

Potential Financing Options for Non-Stick Built Properties in Lake Royale

It is important to note that financing for properties that are not "stick-built" and consist of park models, camper/buildovers, etc. can be challenging and is not guaranteed. However, here are some options to explore:

Recreational Vehicle (RV) Loans

- Some lenders specialize in RV loans, which might be an option for park models or camper/buildovers that are titled as recreational vehicles.

Specialized Lenders

- Research lenders that specialize in unique or non-traditional property financing.

Personal Loans

- Consider personal loans from banks or credit unions. Interest rates may be higher than traditional mortgages.
