I certify that all the statements made in this application and any attached documents are true, complete and correct to the best of my knowledge and belief and are made in good faith. I understand that false information may be grounds for rejection of this application. Authorized county representatives are granted right of entry to make evaluations or inspections and to release information upon public request.

Call Environment Health (496-8100) between 8:00 AM and 9:00 AM Monday thru Friday to schedule an appointment with the environment health specialist to evaluate your lot. He/She will show you where to locate the well and septic system, in relation to the desired dwelling location and any property lines. If approved, an improvements permit will be issued. After the septic tank has been installed and approved, the Sanitarian will issue a certification of completion.
