(c) The Maintenance Easement shall be utilized so as to cause the least practical inconvenience to the Owner of the Lot upon which the Maintenance Easement is located;

(d) an Owner utilizing a Maintenance Easement shall hold harmless and indemnify the Owner upon whose Lot the Maintenance Easement is located from and against all claims, losses and damages, including Reasonable Attorneys' Fees, arising on

(e) before undertaking any maintenance or repair work within a Maintenance Easement, the Owner desiring to conduct any such work shall supply to the Owner upon whose Lot the Maintenance Easement is located, a certificate of insurance evidencing that the Owner who desires to do the work, or the Owner's contractor who will perform the work, has liability insurance with limits of at least \$100,000 per occurrence and evidencing that the Owner upon whose Lot the Maintenance Easement is located is named as an additional insured in such liability insurance policy.

(f) upon completion of any repair and maintenance work, the Owner using the Maintenance Easement shall, at the Owner's sole cost and expense, repair any damage caused to the Maintenance Easement by virtue of such repair and maintenance.

A Maintenance Easement created pursuant to the foregoing provisions shall be established by showing such easement upon the recorded plat for the affected Lot.

(c) the Association is granted an easement over each Lot for the purposes of providing Lot maintenance when an Owner fails to provide maintenance and upkeep in accordance with this Declaration.

SECTION 5. Nature of Easements. All easements and rights described herein are perpetual easements appurtenant, running with the land, and shall inure to the benefit of and be binding on the Declarant and the Association, their successors and assigns, and any Owner, purchaser, mortgagee and other person having an interest in the Planned Community, or any part or portion thereof, regardless of whether or not reference is made

in the respective deeds of conveyance, or in any mortgage or trust deed or other evidence of obligation, to the easements and rights described in this Declaration.

ARTICLE III.  
HOMEOWNERS' ASSOCIATION

SECTION 1. Formation of Association. The Association shall be incorporated no later than the date the first Lot in the Planned Community is conveyed. The Association is a nonprofit corporation organized pursuant to the Nonprofit Corporation Act of the State of North Carolina for the purpose of establishing an association for the Owners of Lots to operate and maintain the Common Elements and any Limited Common Elements in accordance with this Declaration, its Charter and Bylaws. The Association shall be empowered to perform and/or exercise those powers set forth in the Act as it may be amended from time to time, in addition to any powers and authority otherwise granted to it.

SECTION 2. Membership. Every Lot Owner shall be a member of the Association. Membership shall be appurtenant to and may not be separated from Lot ownership.

SECTION 3. Membership Classes. The Association shall initially have three classes of voting membership (but the Declarant by amendment to this Declaration without the consent of any Lot Owners may add other membership classes for each Limited Common Element Development or other type development which may be annexed to the Planned Community).

*Class A.* Class A Members shall be Owners of Lots who have not been assigned to another membership class pursuant to this Declaration.

*Class B.* Class B Members shall be Owners of Lots in Townhomes at Westport.

*Class C.* The Declarant shall be a Class C Member.

SECTION 4. Voting Rights. The voting rights of each class of membership shall be as follows:

(a) The Class A and B Members shall be entitled to one vote for each Lot owned. When more than one person holds an interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any Lot. Fractional voting with respect to any Lot is hereby prohibited. Only certain classes of members may vote on certain issues as hereinafter provided.

(b) The Class C Member shall be entitled to three (3) votes for each Lot owned. The Class C Membership shall cease and be converted to a Class A Membership on the happening of any of the following events, whichever occurs earlier:

(i) when the total vote outstanding in the all Classes of Membership, other than Class C Membership, equals the total vote outstanding in the Class C Membership; or

(ii) on December 31, 2012; or

(iii) upon the voluntary surrender of all Class C Membership by the holder thereof.

The period during which there is Class C Membership is sometimes referred to herein as the "Declarant Control Period".

**SECTION 5. Government Permits.** After completion of construction of any facilities required to be constructed by Declarant pursuant to permits, agreements and easements for the Planned Community, all duties, obligations, rights and privileges of the Declarant under any water, sewer, stormwater and utility agreements, easements and permits for the Planned Community with municipal or governmental agencies or public or private utility companies, shall be the duties, rights, obligations, privileges and the responsibility of the Association, notwithstanding that such agreements, easements or permits have not been assigned or the responsibilities thereunder specifically assumed by the Association. There are additional provisions made in this Declaration concerning stormwater facilities and the Stormwater Permit.

**SECTION 6. Common Elements.** The Association shall at its sole cost and expense be responsible for the operation and maintenance of each Common Element within the Planned Community from the date of completion of its construction or improvement by the Developer, whether or not (i) such Common Element has actually been deeded to the Association, or (ii) any permit issued by a governmental agency to Declarant for the construction and operation of the Common Element has been transferred from the Declarant to the Association or assumed by the Association. If the Declarant provides any operation or maintenance activities to a Common Element for which the Association is liable to perform such operation and maintenance pursuant to this section, then the Association agrees to reimburse the Declarant the cost of such operation and maintenance within 30 days after Declarant renders a bill to the Association therefor. The Association agrees to levy a Special Assessment to cover the amount of such bill if it does not have other sufficient

funds available. Declarant shall be entitled to specific performance to require the Association to levy and collect such Special Assessment.

SECTION 7. Architectural Control Committee. The Executive Board shall perform all duties of the Architectural Control Committee if no such committee is appointed by it, subject, however, to the Special Declarant Rights. Any Architectural Control Committee appointed by the Executive Board shall consist of at least 3 members.

ARTICLE IV.  
INSURANCE AND BONDS

SECTION 1. Townhouse Insurance. Commencing not later than the time of the first conveyance of a Lot within any Townhouse Development to a Person that is not a Declarant, it shall be the duty of the Association to maintain in effect casualty and liability insurance covering the Townhouses and Townhouse Development as follows, to the extent it is reasonably available:

(a) Amount and Scope of Insurance. All insurance policies necessary or desirable upon any Townhouses and Townhouse Development (except personal property within a Townhome) shall be secured by the Board of Directors, or its designee, on behalf of the Association. Such insurance shall at a minimum cover against (1) loss or damage by fire or other hazards normally insured against in an amount after application of any deductibles of not less than 80 percent of the replacement cost of the insured property at the time the insurance is purchased and at each renewal date exclusive of land excavation, foundations and other items normally excluded from property policies, and (2) general liability insurance for each Lot, with limits of at least \$1,000,000.00 for bodily injury, including deaths of persons and property damage arising out of a single occurrence.

(b) Insurance Provisions. The Board of Directors shall make diligent efforts to insure that the insurance policies required by this section provide for the following:

(1) a waiver of subrogation by the insurer as to any claims against the Association, any officer, director, agent or employee of the Association, the Lot Owners and their employees, agents, tenants and invitees;

(2) a waiver by the insurer of its right to repair and reconstruct instead of paying cash;

(3) coverage may not be canceled or substantially modified (including cancellation for nonpayment of premium) without at least thirty days prior written notice to the named insured and all mortgagees;

(4) coverage will not be prejudiced by act or neglect of the Lot Owners when said act or neglect is not within the control of the Association or by any failure of the Association to comply with any warranty or condition regarding any portion of the Planned Community over which the Association has no control.

(5) the master policy on the Planned Community cannot be cancelled, invalidated or suspended on account of the conduct of any one or more individual Lot Owners;

(6) the master policy on the Planned Community cannot be cancelled, invalidated or suspended on account of the conduct of any officer or employee of the Board of Directors without prior demand in writing that the Board of Directors cure the defect and the allowance of a reasonable time thereafter within which the defect may be cured;

(7) each Lot Owner is an insured person under the policy to the extent of the Lot Owner's insurable interest;

(8) if at the time of a loss under the policy, there is other insurance in the name of a Lot Owner covering the same risk covered by the policy, the Association's policy provides primary insurance.

(c) Premiums. All premiums on the insurance policies required by this section and any deductibles payable by the Association upon loss shall be a Common Expense paid by the class of Members to which it applies;

(d) Proceeds. All insurance policies purchased pursuant to these provisions shall provide that all proceeds thereof shall be payable to the Board as insurance trustee or to such attorney-at-law or institution with trust powers as may be approved by the Board of Directors who shall hold any such insurance proceeds in trust for Lot Owners within the Townhouse Development and lien holders as their interest may appear;

(e) Policies. All insurance policies purchased by the Board of Directors shall be with a company or companies permitted to do business in the State of North Carolina and holding a rating of "A" or better by the current issue of Best's Insurance Reports. All insurance policies shall be written for the benefit of the Board of Directors and the Townhouse Development Lot Owners and their mortgagees as their respective interests may appear, and shall provide that all proceeds thereof shall be payable to the Board of Directors and duplicates of said policies and endorsements and all renewals thereof, or certificates thereof, together with proof of payment of premiums, shall be delivered to the Owners at least ten (10) days prior to the expiration date with respect to the then current policies. Duplicates shall also be obtained and issued by the Association to each mortgagee, if any, upon request of such mortgagee;

(f) Individual Policies. If the Association shall determine that it would be more economically feasible in lieu of the Association maintaining a master policy for the Members within a Townhouse Development to purchase insurance policies covering each Lot and Lot Owner individually, then upon the assent of 67 percent of the Members voting as a class (which votes may be cast in person or by proxy) who are eligible to vote at a meeting duly called for such purpose, the insurance coverage for the Townhomes may be turned over to the Lot Owners to purchase individual policies under such terms and conditions as the Association may prescribe. If the responsibility for maintaining the insurance coverage on the Townhouses is turned over to the individual Lot Owners under the provisions of this paragraph, then the Association shall be named as additional insured on each policy, each Lot shall be insured for its full replacement value, and the provisions of this Section shall be modified accordingly;

(g) Distribution of Insurance Proceeds. Subject to the provisions of Section 47F-3-113(g) of the Act, the proceeds of insurance policies maintained by the Association pursuant to this section shall be distributed to or for the benefit of the beneficial owners in the following manner:

(1) all reasonable expenses of the insurance trustee shall be first paid or provision may therefor;

(2) the remaining proceeds shall be used to defray the cost of repairs for the damage or reconstruction for which the proceeds are paid. Any proceeds remaining after defraying such cost shall be distributed to the beneficial owners, including lienholders of record, or retained by the Association for such common expenses or purposes as the Board shall determine.

SECTION 2. Individual Home Insurance. All Owners not within a Townhouse Development shall purchase at their individual expense individual policies covering each Lot and Lot Owner individually.

SECTION 3. Common Element Insurance. The Board of Directors on behalf of the Association, as a Common Expense of all Lot Owners, may at all times keep the Common Elements and other assets of the Association insured against loss or damage by fire or other hazards and such other risks, including public liability insurance, upon such terms and for such amounts as may be reasonably necessary from time to time to protect such property, which insurance shall be payable in case of loss to the Association for all Members. The Association shall have the sole authority to deal with the insurer in the settlement of claims. In no event shall the insurance coverage obtained by the Association be brought into contribution with insurance purchased by Members or their mortgagees. The Association at minimum shall maintain with regard to the Common Elements the insurance coverage(s) required by the Act.

SECTION 4. Fidelity Bond. The Association may maintain, as a Common Expense paid by all Owners, blanket fidelity bonds for all officers, directors, employees and all other persons handling or responsible for funds of the Association, as follows (provided, however, that if the Association shall delegate some or all of the responsibility for the handling of its funds to a management agent, such fidelity bonds shall be maintained by such management agent for its officers, employees and agents handling or responsible for funds of or administered on behalf of the Association):

(a) The total amount of fidelity bond coverage required shall be based upon best business judgment and shall not be less than the estimated maximum of funds, including reserve funds, in the custody of the Association or the management agent, as the case may be, at any given time during the term of each bond. However, in no event may the aggregate amount of such bonds be less than a sum equal to three months aggregate assessments on all units plus reserve funds;

(b) Fidelity bonds required herein must meet the following requirements:

(1) fidelity bonds shall name the Association as an obligee;

(2) the bonds shall contain waivers by the issuers of the bonds of all defenses upon the exclusion of persons serving without compensation from the definition of "employees", or similar terms or expressions;

(3) the premiums on all bonds required herein for the Association (except for premiums on fidelity bonds maintained by a management agent for its officers, employees and agents) shall be paid by the Association as a common expense;

(4) the bonds shall provide that they may not be canceled or substantially modified (including cancellation for nonpayment of premium) without at least ten (10) days prior written notice to the Association, to any insurance trustee and each institutional holder of a first lien on any Lot.

## ARTICLE V PARTY WALLS - TOWNHOUSES

SECTION 1. General Rules of Law to Apply. Each wall which is built as a part of the original construction of any Townhomes and placed on the dividing line between Lots shall constitute a party wall, and, to the extent not inconsistent with the provisions of this Article, the general rules of law in North Carolina regarding party walls and of liability for property damage due to negligence or willful acts or omissions shall apply thereto.

SECTION 2. Sharing of Repair and Maintenance. The cost of reasonable repair and maintenance of a party wall shall be shared by the Owners who make use of the wall in proportion to such use.

SECTION 3. Destruction by Fire or Other Casualty. If a party wall is destroyed or damaged by fire or other casualty, any Owner who has used the wall may restore it, and if the other Owners thereafter make use of the wall, they shall contribute to the cost of restoration thereof in proportion to such use without prejudice, however, to the right of any such Owners to call for a larger contribution from the others under any rule of law regarding liability for negligent or willful acts or omission.

SECTION 4. Weatherproofing. Notwithstanding any other provision of this Article, an Owner who by his negligent or willful act caused the party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against such element.

SECTION 5. Right to Contribute Runs with Land. The right of any Owner to contribute from any other Owner under this Article shall be appurtenant to the land and shall pass to such owner's successors in title.

SECTION 6. Arbitration. In the event of any dispute arising concerning a party wall, or under the provisions of this arbitrators shall choose one additional arbitrator, and the decisions shall be by a majority of all the arbitrators.

ARTICLE VI.  
COVENANTS FOR ASSESSMENTS

SECTION 1. Creation of the Lien and Personal Obligation of Assessments. Each Lot Owner covenants and agrees to pay to the Association the following assessments, as applicable (collectively the "Assessments"):

- A. Annual Common Element Assessments;
- B. Annual Limited Common Element Assessments;
- B. Special Assessments;
- C. Insurance Assessments;
- D. Ad Valorem Tax Assessments; and
- E. Working Capital Assessments.

The Assessments, together with interest, costs and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the respective Lot against which the Assessments are made. Each such Assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the Person who was the Owner of such Lot at the time when the Assessment fell due. The personal obligation for delinquent Assessments shall not pass to the Owner's successors in title unless expressly assumed by them.

SECTION 2. Purpose of Annual Assessments. The Annual Common Element Assessments and the Annual Limited Common Element Assessments levied by the Association shall be used, as applicable, exclusively to promote the recreation, health, safety and welfare of the Owners and residents of the Planned Community and for the maintenance, repair and replacement of the Common Elements and any Limited Common Elements. The funds arising from said assessments or charges, may be used for any or all of the following purposes: Operations, maintenance and improvement of the Common Elements, and any Limited Common Elements, including payment of utilities; enforcing this Declaration; paying taxes, insurance premiums, legal and accounting fees and governmental charges; establishing working capital; paying dues and assessments to any

organization or Master Association of which the Association is a member; and in addition, doing any other things necessary or desirable in the opinion of the Association to keep the Common Elements and Limited Common Elements in good operating order and repair.

SECTION 3. Annual Assessments. At least 90 days before the beginning of each fiscal year, the Executive Board shall adopt proposed annual budgets, as follows:

(i) a budget for the Annual Common Element Assessments consisting of the annual cost of operating and maintaining the Common Elements.

(ii) a separate budget for the Annual Limited Common Element Assessment for each Limited Common Element Development within the Planned Community consisting of the annual cost of operating and maintaining the Limited Common Elements for such development.

(iii) such other budgets as the Executive Board deems appropriate.

Within 30 days after adoption of the proposed budgets for the Planned Community, the Executive Board shall provide to all of the Lot Owners a summary of the budgets and notice of a meeting to consider ratification of the budgets, including a statement that the budgets may be ratified without a quorum. Each budget is ratified unless at the meeting a majority of all of the Lot Owners in the Association entitled to vote on the particular budget rejects the budget. All members shall be entitled to vote on the budget for the Annual Common Element Assessments. Only the class of members to which any budget for the Annual Limited Common Element Assessments applies shall be entitled to vote with regard to the budget applicable to them. In the event a proposed budget is rejected, the periodic budget last ratified by the Lot Owners shall be continued until such time as the Lot Owners ratify a subsequent budget proposed by the Executive Board. The Annual Assessments for each Lot shall be established based on the annual budgets thus adopted, with all Lots funding the budget for the Annual Common Element Assessments and the Lots within a particular Limited Common Element Development funding the budget for the Annual Limited Common Element Assessments applicable to them; provided, however, that the first Annual Assessments shall be set by the Declarant prior to the conveyance of the first Lot to an Owner. The due date for payment shall be established by the Executive Board. The Executive Board shall have the authority to require the Assessments to be paid in periodic installments. The Association shall, upon demand, and for a reasonable charge furnish a certificate signed by an officer of the Association setting forth whether the Assessments on a specified Lot have been paid.

SECTION 4. Special Assessments. In addition to the Annual Assessments authorized above, the Association may levy, in any assessment year, a Special Assessment applicable to the year only for the following purposes:

A. To defray, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Elements and any Limited Common Elements, including fixtures and personal property related thereto, provided that any such Special Assessment shall have the assent of two-thirds (2/3) of the affected Members voting as a class who are voting in person or by proxy at a meeting duly called for this purpose. Written notice of any meeting of Owners called for the purpose of approving such Special Assessment shall be sent to all Members not less than ten (10) days nor more than sixty (60) days in advance of the meeting. Special Assessments regarding Limited Common Elements shall be voted on and assessed against only the Class of members to which the Special Assessment applies.

SECTION 5. Insurance Assessments. All premiums on insurance policies purchased by the Board of Directors or its designee and any deductibles payable by the Association upon loss shall be a Common Expense, and the Association may at any time levy against the Owners equally an "Insurance Assessment", in addition to the Annual Assessments, which shall be in an amount sufficient to pay the cost of all such deductibles and insurance premiums not included as a component of the Annual Assessment.

SECTION 6. Ad Valorem Tax Assessments. All ad valorem taxes levied against the Common Elements, if any, shall be a common expense, and the Association may at any time year levy against the Owners equally an "Ad Valorem Tax Assessment", in addition to the Annual Assessments, which shall be in an amount sufficient to pay ad valorem taxes not included as a component of the Annual Assessment.

SECTION 7. Working Capital Assessments. At the time title to a Lot is conveyed to an Owner by Declarant, the Owner shall pay the sum of \$250.00 to the Association as working capital to be used for operating and capital expenses of the Association. Such amounts paid for working capital are not to be considered as advance payment of the Annual or any other Assessments. The Declarant may waive the Working Capital Assessment for any vendee who is a general contractor intending to build a residence on a Lot to be conveyed by the general contractor to others so long as the general contractor agrees with the Declarant and the Association to charge the Working Capital Assessment to the general contractor's vendee and to pay the same to the Association at the time the general contractor conveys said Lot and residence.

SECTION 8. Rate of Assessment. The Association may differentiate in the amount of Assessments charged when a reasonable basis for distinction exists, such as between

vacant Lots of record and Lots of record with completed dwellings for which certificates of occupancy have been issued by the appropriate governmental authority, or when any other substantial difference as a ground of distinction exists between Lots. However, Assessments must be fixed at a uniform rate for all Lots similarly situated.

SECTION 9. Commencement of Assessments. Assessments for each Lot shall commence upon the date of acceptance by an Owner of a deed from Declarant.

SECTION 10. Effect of Nonpayment of Assessments And Remedies Of The Association. Any Assessment or installment thereof not paid within thirty (30) days after the due date shall bear interest from the due date at the highest rate allowable by law. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Owner's Lot. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Common Elements or abandonment of his Lot. All unpaid installment payments of Assessments shall become immediately due and payable if an Owner fails to pay any installment within the time permitted. The Association may also establish and collect late fees for delinquent installments.

SECTION 11. Lien for Assessments. The Association may file a lien against a Lot when any Assessment levied against said Lot remains unpaid for a period of 30 days or longer.

A. The lien shall constitute a lien against the Lot when and after the claim of lien is filed of record in the office of the Clerk of Superior Court of the county in which the Lot is located. The Association may foreclose the claim of lien in like manner as a mortgage on real estate under power of sale under Article 2A of Chapter 45 of the General Statutes. Fees, charges, late charges, fines, interest, and other charges imposed pursuant to Sections 47F-3-102, 47F-3-107, 47F-3-107.1 and 47F-3-115 of the Act are enforceable as Assessments.

B. The lien under this section shall be prior to all liens and encumbrances on a Lot except (i) liens and encumbrances (specifically including, but not limited to, a mortgage or deed of trust on the Lot) recorded before the docketing of the claim of lien in the office of the Clerk of Superior Court, and (ii) liens for real estate taxes and other governmental assessments and charges against the Lot.

C. The lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within three years after the docketing of the claim of lien in the office of the Clerk of Superior Court.

D. Any judgment, decree, or order in any action brought under this section shall include costs and reasonable attorneys' fees for the prevailing party.

E. Where the holder of a first mortgage or deed of trust of record, or other purchaser of a Lot obtains title to the Lot as a result of foreclosure of a first mortgage or first deed of trust, such purchaser and its heirs, successors and assigns shall not be liable for the Assessments against the Lot which became due prior to the acquisition of title to the Lot by such purchaser. The unpaid Assessments shall be deemed to be Common Expenses collectible from all of the Lot Owners including such purchaser, its heirs, successors and assigns.

F. A claim of lien shall set forth the name and address of the Association, the name of the record Owner of the Lot at the time the claim of lien is filed, a description of the Lot, and the amount of the lien claimed.

SECTION 12. Class A Yard Maintenance. Yard maintenance will be provided by the Association for all Lots. The cost of yard maintenance for Limited Common Element Developments will be included in the Annual Limited Common Element Assessments. For Class A Members, the cost of yard maintenance will be included as a separate component (the "Yard Maintenance Component") of the Annual Common Element Assessment and billed only to the Class A Members as an addition to their Annual Common Element Assessment. Only Class A Members shall be entitled to vote on the Yard Maintenance Component.

ARTICLE VII.  
RIGHTS OF DEVELOPER

The Declarant shall have, and there is hereby reserved to the Declarant, the Special Declarant Rights as herein defined and the following rights, powers and privileges which shall be in addition to the Special Declarant Rights and any other rights, powers and privileges reserved to the Declarant herein:

SECTION 1. The Architectural Control Committee/Executive Board. The Declarant shall be entitled, so long as Declarant shall own any Lot within the Planned Community, to appoint and remove the members of the Architectural Control Committed. The Declarant shall be entitled during the Declarant Control Period to appoint and remove the officers and members of the Executive Board.

SECTION 2. Plan of Planned Community. The right to change, add to, delete, alter or re-designate the allocated planned, platted, or recorded use or designation of any of the lands constituting the Planned Community including, but not limited to, the right to change,

alter or re-designate road, utility and drainage facilities and easements and to change, alter, add to, delete, or re-designate such other present and proposed amenities, Common Elements, Limited Common Elements, or facilities as may in the sole judgment and discretion of Declarant be necessary or desirable. The Declarant hereby expressly reserves unto itself, its successors and assigns, the right to re-plat any one (1) or more Lots shown on the plat of any subdivision of the Property or Additional Property in order to create one or more modified Lots; to further subdivide tracts or Lots shown on any such subdivision plat into two or more Lots; to recombine one or more tracts or Lots or a tract and Lots to create a larger tract or Lot (any Lot resulting from such recombination shall be treated as one Lot for purposes of Assessments); to eliminate from this Declaration or any plats of the Planned Community Lots that are not otherwise buildable or are needed or desired by Declarant for access or are needed or desired by Declarant for use as public or private roads or access areas, whether serving the Planned Community or other property owned by the Declarant or others, or which are needed for the installation of utilities, Common Elements or amenities, and to take such steps as are reasonably necessary to make such re-platted Lots or tracts suitable and fit as a building site, access area, roadway or Common Elements.

SECTION 3. Amendment of Declaration by the Declarant. This Declaration may be amended without Member approval by the Declarant, or the Executive Board, as the case may be, as follows:

- A. In any respect, prior to the sale of the first Lot.
- B. To the extent this Declaration applies to Additional Property, including, but not limited to, amendments to add additional classes of Membership to the Association, to add, delete or alter Common and Limited Common Elements and to establish minimum square footages and other standards for structures.
- C. To correct any obvious error or inconsistency in drafting, typing or reproduction.
- D. To qualify the Association or the Property and Additional Property, or any portion thereof, for tax-exempt status.
- E. To incorporate or reflect any platting change as permitted by this Article or otherwise permitted herein.
- F. To conform this Declaration to the requirements of any law or governmental agency having legal jurisdiction over the Planned Community or to qualify the Planned Community or any Lots and improvements thereon for mortgage or improvement loans made, insured or guaranteed by a governmental agency or to comply with the requirements of law or regulations of any corporation or agency belonging to, sponsored by, or under the

substantial control of the United States Government or the State of North Carolina, regarding purchase or sale of such Lots and improvements, or mortgage interests therein, as well as any other law or regulation relating to the control of property, including, without limitation, ecological controls, stormwater regulations, construction standards, aesthetics, and matters affecting the public health, safety and general welfare. A letter from an official of any such corporation or agency, including, without limitation, the North Carolina Department of Environment and Natural Resources, the Department of Veterans Affairs, U. S. Department of Housing and Urban Development, the Federal Home Loan Mortgage Corporation, Government National Mortgage Corporation, or the Federal National Mortgage Association, requesting or suggesting an amendment necessary to comply with the requirements of such corporation or agency shall be sufficient evidence of the approval of such corporation or agency, provided that the changes made substantially conform to such request or suggestion. Notwithstanding anything else herein to the contrary, only the Declarant, during the Declarant Control Period, shall be entitled to amend this Declaration pursuant to this Section. Declarant may at anytime alter the maximum allowable built-upon area for any Lot at anytime before the Lot is conveyed by the Declarant.

SECTION 4. Annexation of Additional Property. Declarant may annex to and make a part of the Planned Community any other real property, whether now owned or hereafter acquired by Declarant or others, and whether developed by the Declarant or others (the "Additional Property"). Annexation of Additional Property to the Planned Community shall require the assent of 67 percent of the Members who are voting in person or by proxy at a meeting called for this purpose; provided, however, Additional Property may be annexed to the Planned Community without the assent of the Members so long as the Additional Property is used for residential purposes (including but not limited to multifamily, condominiums, townhomes, patio homes, apartments, Common Elements, roads and other amenities related thereto). Declarant is not required to annex any land to the Planned Community.

SECTION 5. Sales Model/Parking. So long as the Declarant or its designee shall retain ownership of any Lot, it may utilize any such Lot for offices, models or other purposes relating to the development, construction, sale or rental of Lots and dwellings, including the right to place "For Sale" or "For Rent" signs on any Lots. In addition, in connection with any of the above activities the Declarant and its agents shall have the right to park vehicles and materials on any street or within the right of way thereof. The Declarant may assign this limited commercial usage right to any other person or entities as it may choose. Developer may, at any time Developer owns any Lot, park vehicles and materials on any streets within the Planned Community.

SECTION 6. Transfer of Declarant and Special Declarant Rights. Without limiting Declarants general authority to transfer its rights hereunder, the Declarant specifically

reserves the right to transfer, without the approval of any Lot Owners, any Declarant or Special Declarant rights contained herein to Eastland Developers, Inc., Hearthside Building and Developers, Inc., Premier Land and Homes, Inc., or to any other Person who develops or build homes in the Planned Community. Upon such transfer, the transferee shall have all of the rights of the Declarant hereunder except to the extent any such rights are limited in the document of transfer.

SECTION 7. Grant of Conservation Easements. The Declarant may grant conservation easements over any of the Common Elements which are to serve as open space, natural areas, conservation areas, or over any other Common Elements where the granting of such conservation easements will not interfere with the Lot Owners' intended enjoyment thereof. Such conservation easements may be granted at any time before the Declarant actually transfers title to the affected Common Elements to the Association.

ARTICLE VIII.  
USE RESTRICTIONS, ARCHITECTURAL CONTROL  
AND MAINTENANCE

SECTION 1. Approval of Plans for Building and Site Improvements. No dwelling, wall, tent or other structure shall be commenced, erected, or maintained upon any Lot, nor shall any exterior addition to or change in or alteration therein (including painting or repainting of exterior surfaces) be made until the plans and specifications showing the nature, kind, shape, heights, materials, colors and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Control Committee. If the Architectural Control Committee fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with. Refusal or approval of any such plans, location or specification may be based upon any ground, including purely aesthetic and environmental considerations, that in the sole and uncontrolled discretion of the Architectural Control Committee shall be deemed sufficient. One copy of all plans and related data shall be furnished to the Architectural Control Committee for its records. The Architectural Control Committee shall not be responsible for any structural or other defects in plans and specifications submitted to it or in any structure erected according to such plans and specifications.

SECTION 2. Minimum Standards for Site Improvements.

A. Each dwelling shall have a minimum of 1,200 square feet of enclosed, heated dwelling area; provided, however, the Architectural Control Committee may permit a dwelling to have a minimum of 900 square feet if the Committee in its sole discretion finds that the variance will not adversely impact property values within the Planned Community.

The term "enclosed, heated dwelling area" shall mean the total enclosed area within a dwelling which is heated by a common heating system; provided, however, that such term does not include garages, terraces, decks, open porches, and like areas. The Declarant, as provided above, shall be entitled to amend this Declaration to establish different square footage minimums for any Additional Property annexed to the Planned Community, whether Townhomes, Patio Homes or otherwise.

B. Since the establishment of inflexible building setback lines for location of houses on Lots tends to force construction of houses directly to the side of other homes with detrimental effects on privacy, view, preservation of important trees and other vegetation, ecological and related considerations, no specific setback lines shall be established by this Declaration. In order to assure, however, that the foregoing considerations are given maximum effect, the site and location of any house or dwelling or other structure upon any Lot shall be controlled by and must be approved absolutely by the Architectural Control Committee; provided, however, that no structure shall be constructed closer to a Lot line than is permitted by applicable governmental regulations.

C. All dwellings, yards, landscaping, irrigation and other structures for a Lot must be commenced within six (6) and completed within twelve (12) months after conveyance of the Lot from the Declarant to an initial vendee; provided, however, the Declarant may waive this requirement for up to twenty (20) percent of the Lots within the Planned Community .

D. All service utilities, garage receptacles, fuel tanks, and wood piles are to be enclosed within a wall or plant screen of a type and size approved by the Architectural Control Committee, so as to preclude the same from causing an unsightly view from any highway, street or way within the subdivision, or from any other residence within the Planned Community. All mail and newspaper boxes shall be uniform in design within each type development within the Planned Community. Design for mail and newspaper boxes shall be furnished by the Architectural Control Committee. Fences shall be permitted on any Lot; provided, however, that the design, placement, and materials of any fence are approved by the Architectural Control Committee. Clothes lines are not permitted on any Lot.

E. Off street parking for not less than two (2) passenger automobiles must be provided on each Lot prior to the occupancy of any dwelling constructed on said Lot which parking areas and the driveways thereto shall be constructed of concrete, brick, asphalt, or turf stone, or any other material approved by the Architectural Control Committee.

F. All light bulbs or other lights installed in any fixture located on the exterior of any building or any Lot for the purpose of illumination shall be clear, white or non-frost lights or bulbs.

G. Front, side and rear yards shall be sodded and irrigated with an irrigation system approved by the Architectural Control Committee. Any well and pump house which may be authorized by the Architectural Control Committee, in its sole discretion, must be located no closer to the front lot line than the front of the residence constructed on the Lot and shall be subject to Association approval. All Lots shall have professional landscaping maintenance provided by the Association and no Lot Owner will be exempt from this requirement.

H. Construction activity on a Lot shall be confined within the boundaries of said Lot. Each Lot Owner shall have the obligation to collect and dispose of all rubbish and trash resulting from the construction on his Lot. Upon a Lot Owner's failure to collect and dispose of such trash within thirty (30) days after receipt of a written notice from the Association, the Association may collect and dispose of such rubbish and trash at the Lot Owner's expense. Any expense incurred by the Association in clean-up of the Lot shall be billed to the Owner of the Lot and if not paid within 30 days, the amount thereof shall become a lien against the Lot which shall be enforceable pursuant to the provisions of this Declaration as is the case for delinquent assessments.

I. Shallow wells for the purpose of watering lawns and not for potable water supply are permitted. Such wells and pump houses must be located no closer to the front lot line than the front of the residence constructed on the Lot and the exact location is subject to the approval of the Architectural Control Committee. Declarant is entitled to require a Lot Owner to discontinue the use of a shallow well if sufficient rust is produced from the well so as to be visible in yards or on buildings or other structures.

### SECTION 3. Use Restrictions.

A. Land Use And Building Type. No Lot or parcel of land shall be used for any purpose except for residential purposes, subject, however, to the rights of the Declarant contained herein. All numbered Lots are restricted for construction of one single family dwelling (plus, a detached garage, if there is not one attached to the residence, and such other accessory buildings as may be approved by the Architectural Control Committee). Notwithstanding the foregoing, the Declarant may develop any parcel of land annexed to the Planned Community as multifamily (Condos, apartments, etc.) so long as the parcel is restricted only to residential use.

B. Nuisances. No noxious or offensive activity shall be carried on upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. There shall not be maintained any plants or animals, nor device or thing of any sort whose normal activities or existence are in any way noxious, dangerous, unsightly, unpleasant or other nature as may diminish or destroy the enjoyment

of other Lots by the Owners thereof. It shall be the responsibility of each Owner to prevent the development of any unclean, unsightly or un-kept condition of buildings or grounds on the Owner's Lot which would tend to decrease the beauty of the neighborhood as a whole or the specific area.

C. Temporary Structures. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any Lot any time as a residence either temporarily or permanently without the written consent of the Association or its designee; provided, however, that this shall not prevent the Declarant, its designees or assigns from maintaining a construction trailer or office on any part of the Planned Community until the construction and sale of dwellings on all Lots and the Common Elements improvements are completed.

D. Vehicles/Boats. No boat, motor boat, camper, trailer, motor or mobile homes, tractor/trailer, or similar type vehicle, shall be permitted to remain on any Lot or on any street at any time, without the written consent of the Association. No inoperable vehicle or vehicle without current registration and insurance will be permitted on any Lot, street or Common Element. The Association shall have the right to have all such vehicles towed away at the owner's expense. No repairs to any vehicle may be made on streets or in driveways but only in garages or other areas and not visible from the street.

E. Animals. No animals, livestock or poultry of any kind shall be kept or maintained on any Lot or in any dwelling except that dogs, cats or other household pets may be kept or maintained provided that they are not kept or maintained for commercial purposes and provided further that they are not allowed to run free, are at all times kept properly leashed or under the control of their owner and do not become a nuisance.

F. Statuary, TV Satellite Dishes and Outside Antennas. No yard statuary or TV satellite signal receiving dishes are permitted on any Lot and no outside radio or television antennas shall be erected on any Lot or dwelling unit unless and until permission for the same has been granted by the Architectural Control Committee; provided, however, satellite dishes not over 18" in diameter which cannot be seen from the street are permitted.

G. Construction in Common Elements. No Person shall undertake, cause, or allow any alteration or construction in or upon any portion of the Common Elements except at the direction or with the express written consent of the Association.

H. Signs. No signs (including "for sale" or "for rent" signs) shall be permitted on any Lot or in the Common Elements without permission of the Executive Board; provided, however, the Declarant may, so long as Declarant owns any Lot or land, maintain

for sale signs on Declarant's Lots and land and maintain signs on the Common Elements advertising the Planned Community.

I. Subdividing. Subject to any rights reserved to the Declarant herein, no Lot shall be subdivided, or its boundary lines changed except with the prior written consent of the Declarant during the Declarant Control Period and thereafter by the Board of Directors.

J. Garage Sales. Garage sales are strictly prohibited.

K. Leases. No rental or lease for any Lot shall be for a term of less than 12 months. All leases must be in writing and must contain a provision requiring the tenant to comply with all the use restrictions of this Declaration and any rules and regulations adopted by the Association. All leases shall be submitted to the Association to verify that they comply with this section. When a dwelling is leased to more than one tenant they must be related by blood or by marriage. Transient rentals are strictly prohibited.

L. Trees. No trees on any Lot in 6 inches in diameter or greater may be cut removed without the approval of the Architectural Control Committee.

M. Prohibited Parking. Owners and their tenants shall not use any streets in the Planned Community for vehicle parking and parking is not permitted in any yards or other landscaped areas of any Lot. Developer may at all times during development activities park vehicles and materials on any streets.

N. Garbage Pick-up. Garbage Receptacles shall be placed on the street only of the day of garbage pick-up (or the night before) and removed from the street on the day of garbage pick-up.

O. Window Coverings. Each Townhome is to be originally equipped with mini-blinds which shall be permanent fixtures and shall remain with the Townhome when sold and may not be removed. The mini-blinds may be replaced with mini-blinds of the same style and color as those originally installed. Any additional window treatments must be located inside the mini-blinds.

P. Newspaper Boxes. Newspaper boxes are prohibited.

SECTION 4. Maintenance. Each Lot Owner shall keep his Lot free from weeds, underbrush or refuse piles, or unsightly growth or objects. All structures shall be kept neat and in good condition and repair. All shrubs, trees, grass and plantings shall be kept neatly trimmed and properly cultivated. In the event that any maintenance activities are necessitated to any Common or Limited Common Elements by the willful act or active or passive negligence of any Owner, his family, guests, invitees or tenants, and the cost of

such maintenance, repair or other activity is not fully covered by insurance, then, at the sole discretion of the Board of Directors of the Association, the cost of the same shall be the personal obligation of the Owner and if not paid to the Association upon demand, may be added to and become a part of the Annual Assessment levied against said Owner's Lot.

ARTICLE IX.  
STORMWATER PERMIT/FACILITIES

SECTION 1. Stormwater Permit. The Association and each of its Members agree that at anytime after (i) all work required under the Stormwater Permit has been completed (other than operation and maintenance activities), and (ii) the Developer is not prohibited under DENR regulations from transferring the Stormwater Permit for the Planned Community to the Association, the Association's officers without any vote or approval of Lot Owners, and within 10 days after being requested to do so, will sign all documents required by DENR for the Stormwater Permit to be transferred to the Association; provided; however, that at the time the Developer requests that the Association accept transfer of the Stormwater Permit, the Developer has delivered to the Association a certificate from an engineer licensed in the State of North Carolina, dated no more than 45 days before the date of the request, that all stormwater retention ponds, swales and related facilities are constructed in accordance with the plans and specifications therefore. If the Association fails to sign the documents required by this paragraph, the Developer shall be entitled to specific performance in the courts of North Carolina requiring that the appropriate Association officers sign all documents necessary for the Stormwater Permit to be transferred to the Association. Failure of the officers to sign as provided herein shall not relieve the Association of its obligations to operate and maintain the stormwater facilities covered by the Stormwater Permit.

SECTION 2. Stormwater Facilities O & M. Any stormwater retention ponds and related facilities for the Planned Community which have or are to be constructed by or on behalf of Declarant constitute Common Elements and, subject only to the provisions of Section 3 of this Article VII, the Association, at its sole cost and expense, is responsible for the operation and maintenance of such facilities. Such O & M shall include, but not be limited to, compliance with all of the terms and obtaining any renewals of the Stormwater Permit. Except as provided in Section 3 of this Article, the Association shall indemnify and hold harmless the Developer from any obligations and costs under the Stormwater Permit for operation and maintenance of the stormwater retention ponds and related facilities.

SECTION 3. Damage to Storm Water Facilities. The Declarant shall at its sole cost and expense be responsible for repairing any damage to storm water facilities which Declarant determines is caused by the Developer's development activities. The Developer shall not be responsible for damages to stormwater retention ponds and related facilities caused by any other cause whatsoever, including but not limited to construction of

residences or other activities by Owners, their agents and contractors, upon their Lots, acts of God, and the negligence of others. Lot Owners shall be responsible for damages to such stormwater facilities caused by construction of buildings or other activities upon the Owner's Lot. Each Owner, shall within 30 days after receipt of notice of damage to stormwater facilities, repair the damage at the Owner's sole cost and expense to return them to the state required by the storm water plans and specifications for the Planned Community. If the Lot Owner fails to do so within said 30-day period, the Association shall perform the work and the cost of the work shall be added to the Annual Assessment due from the Lot Owner.

SECTION 4. Enforcement Of Storm Water Runoff Regulations.

A. The following covenants are intended to ensure ongoing compliance with State Stormwater Management Permit Number SW 8030426, as issued by the Division of Water Quality under NCAC 2H.1000.

B. The State of North Carolina is made a beneficiary of these covenants to the extent necessary to maintain compliance with the stormwater management permit.

C. These covenants are to run with the land and be binding on all persons and parties claiming under them.

D. The covenants pertaining to stormwater may not be altered or rescinded without the express written consent of the State of North Carolina, Division of Water Quality.

E. Alteration of the drainage as shown on the approved plan may not take place without the concurrence of the Division of Water Quality.

F. The maximum allowable built-upon area per Lot is as follows:

|                |       |
|----------------|-------|
| Lots 1-5       | 3,100 |
| Lots 6-15      | 3,100 |
| Lots 16-24     | 3,500 |
| Lots 25-37     | 4,000 |
| Lots 38-66,117 | 3,500 |
| Lots 105-116   | 4,000 |
| Lots 118-135   | 4,000 |
| Lots 67-104    | 3,600 |

|                              |       |
|------------------------------|-------|
| <u>Townhomes at Westport</u> |       |
| Lots 1-52                    | 2,575 |

These allotted amounts includes any built-upon area constructed within the lot property boundaries, and that portion of the right-of-way between the front lot line and the edge of the pavement. Built upon area includes, but is not limited to, structures, asphalt, concrete, gravel, brick, stone, slate, coquina and parking areas, but does not include raised, open wood decking, or the water surface of swimming pools.

G. All runoff from the built-upon areas on the lot must drain into the permitted system. This may be accomplished through providing roof drain gutters which drain to the street, grading the lot to drain toward the street, or grading perimeter swales to collect lot runoff and directing them into the stormwater system or into the street. Lots that will naturally drain into the system are not required to provide these additional measures.

H. Lots within CAMA's Area of Environmental Concern may be subject to a reduction in their allowable built-upon area due to CAMA regulations

## ARTICLE X. LOTS SUBJECT TO DECLARATION/ENFORCEMENT

SECTION 1. Lots Subject to Declaration. The covenants and restrictions contained in this Declaration are for the purpose of protecting the value and desirability of the Planned Community and the Lots. All present and future Owners, tenants and occupants of Lots and their guests or invitees, shall be subject to, and shall comply with the provisions of the Declaration, and as the Declaration may be amended from time to time. The acceptance of a deed of conveyance or the entering into of a lease or the entering into occupancy of any Lot shall constitute an agreement that the provisions of the Declaration are accepted and ratified by such Owner, tenant or occupant. The covenants and restrictions of this Declaration shall run with and bind the land and shall bind any person having at any time any interest or estate in any Lot, their heirs, successors and assigns, as though such provisions were made a part of each and every deed of conveyance or lease, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years, unless terminated by the Lot Owners.

SECTION 2. Enforcement and Remedies. The covenants and restrictions of this Declaration shall inure to the benefit of and be enforceable (by proceedings at law or in equity) by the Association, or the Owner of any Lot, their respective legal representatives, heirs, successors and assigns. The Executive Board shall be entitled to enforce its Articles of Incorporation, Bylaws and Rules and Regulations. In addition to the remedies otherwise

provided for herein concerning the collection of Assessments, the following remedies shall be available:

A. Association to Remedy Violation. In the event an Owner (or other occupant of a Lot) is in violation of or fails to perform any maintenance or other activities required by this Declaration, the Association's Bylaws, Charter or Rules and Regulations, the Executive Board, after 30-days notice, may enter upon the Lot and remedy the violation or perform the required maintenance or other activities, all at the expense of the Owner. The full amount of the cost of remedying the violation or performing such maintenance or other activities shall be chargeable to the Lot, including collection costs and reasonable attorneys' fees. Such amounts shall be due and payable within 30 days after Owner is billed. If not paid within said 30 day period, the amount thereof may immediately be added to and become a part of the Annual Assessment levied against said Owner's Lot. In the event that any maintenance activities are necessitated to any Common or Limited Common Elements by the willful act or active or passive negligence of any Owner, his family, guests, invitees or tenants, and the cost of such maintenance, repair or other activity is not fully covered by insurance, then, at the sole discretion of the Board of Directors, the cost of the same shall be the personal obligation of the Owner and if not paid to the Association upon demand, may immediately be added to and become a part of the Annual Assessment levied against said Owner's Lot.

B. Fines. The Association may in accordance with the procedures set forth in the Act establish a schedule of and collect fines for the violation of this Declaration or of the Association's Articles of Incorporation, Bylaws or Rules and Regulations. If an Owner does not pay the fine when due, the fine shall immediately become a part of and be added to the Annual Assessment against the Owner's Lot and may be enforced by the Association as all other Assessments provided for herein.

C. Suspension of Services and Privileges. The Association may in accordance with the procedures set forth in the Act suspend all services and privileges provided by the Association to an Owner (other than rights of access to Lots) for any period during which any Assessments against the Owner's lot remain unpaid for at least 30 days or for any period that the Owner or the Owner's Lot is otherwise in violation of this Declaration or the Association's Charter, Bylaws, or Rules and Regulations.

SECTION 3. Miscellaneous. Failure by the Association or by an Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. The remedies provided herein are cumulative and are in addition to any other remedies provided by law.

LOT 321

November 17, 2004

Dear Westport HOA Member:

Welcome to the Westport Community. Each homeowner was given a copy of the Covenants, Conditions and Restrictions for Westport when the sale of the home/lot was completed. The Homeowners Association is charged with the enforcement of these Covenants, Conditions and Restrictions. In an effort to be proactive and hopefully helpful, the following are clarifications of areas that from the experience of the current Board creates the most problems. I urge you to read your Covenants in their entirety and should you have any questions, please call the Board's office at 371-9094. Also, attached are Clubhouse and Pool Rules.

**Building and Site Improvement:** All exterior alterations or improvements to homes have to be approved by the Architectural Control Committee (ACC).

**Fuel Tanks:** Tanks must be concealed from view.

**No On-Street Parking:** This requirement has to do with habitual on-street parking. What constitutes habitual will be determined by the Board.

**TV Satellite Dishes, Outside Antennas and Yard Statuaries** must have approval of Architectural Control Committee. Satellite dishes not over 18" will be allowed so long as they are not visible from the street. Antennas will not be allowed.

**Signs of Any Kind**, including "welcome", political and security signs are not permitted without permission of the Board of Directors.

**Tenants:** Leases must be for a minimum of 12 months. A copy of the lease evidencing the term must be provided to the HOA. Also, when leases are to more than one person the tenants must be related by blood or by marriage.

**Garbage Receptacles** must be stored out of view from the street. On the service day the receptacles must be moved from the street to their storage area.

**Pets** must be under the control of their owners and owners are responsible for cleaning up after them.

**Landscaping:** Alterations or additions to landscaping on lawns maintained by the HOA are not allowed unless approved by the ACC.

**Garage Sales/Yard Sales** are not permitted.

**Lighting:** All light bulbs on the exterior of all homes must be clear white or frosted white.

**Storm Panels:** Hurricane storm panels shall not be permanently installed on doors or windows.

Finally, I would like to discuss the lawn irrigation systems. Each lot is fully irrigated. The timer/controller for townhomes is located in a central location, usually at a well site, and regulates irrigation to each townhome building. All other lots have a timer/controller located on the outside of the home usually near the meter box or the air conditioning compressor. Except for townhome owners, the water for your irrigation is purchased by you from the North Brunswick Sanitary District.

Your Builder has installed two meters. One supplies water to your home and one supplies water for irrigation. This saves you about one-half the normal cost for your irrigation system's needs because you are not charged for sewer on that particular line. It is your responsibility to regulate your irrigation system. However, by mounting the timer/controller on the outside of your home our lawn care professionals do have access to remedy readily apparent over watering or under watering problems.

If you would like one of the landscape professionals to show you how to use the timer/controller, please contact your Builder. Most problems with irrigation are due to over watering. Once your sod is established, periodic watering is usually sufficient. Please call if you have questions.

Sincerely,

WESTPORT HOMEOWNERS' ASSOCIATION, INC.

**MEMO**

**TO: WESTPORT RESIDENTS**

**FROM: SANDY WOOD, HOA PRESIDENT**

**DATE: MAY 16, 2005**

**On behalf of the Board of Directors I would like to provide the following information pertaining to the Westport Community.**

- **The Board has recently agreed to sign a management contract with CEPCO. We have had previous experience with CEPCO in other neighborhoods and are confident of our selection. The most obvious change to you will be receiving dues invoices from CEPCO. CEPCO will, as a part of their contract, be responsible for handling any violation to the covenants and engage all subcontracts for common area assets (pool, clubhouse, landscaping). The Board of Directors will remain the same until the community is turned over to the residents. The ACC (Architectural Control Committee) will remain the same until the developer transfers all lots. This change is for the overall good of the community and the cost of CEPCO's service has been budgeted since the HOA's conception. CEPCO's address and phone number is as follows:**

**CEPCO  
2502 South 17<sup>th</sup> Street, Suite F  
Wilmington, NC 28401  
910-395-1500**

**Following are areas of concern on which I ask your cooperation.**

- **Boats and trailers - No boats and trailers may be stored on any lot.**
- **Yard statuary - Beauty is in the eye of the beholder, but yard statuary must be approved by the ACC. If you have it and have received approval, then all is in order. If you have it or are thinking of having it, then contact CEPCO with your request.**
- **Fences - The ACC will allow wooden stained fences of several designs. The sales office has pictures of these fences. The ACC will also allow metal chain link fence as long as it is green and so long as a vegetative hedge is planted along the entire perimeter of the**

fence. The hedging must be of sufficient size at planting so that it equals or exceeds the height of the fence and must be planted at an interval so that within one growing season the hedge will completely cover the fence.

- **Basketball goals** - Goals are allowed in the backyard but not in any front yards.
- **Irrigation meters and timers** - For those townhome residents, your irrigation water is pulled from the ponds or wells. The timers and controls are centrally located and adjusted by the maintenance crew. For patio home residents, your irrigation is separately metered from water supplied by the North Brunswick Sanitary District. The irrigation controller is located on the outside of your home near the power meter base or your HVAC system. From previous experience in other communities, when controls were inside the home it was difficult to regulate. You may adjust your controller, but the maintenance crew has been instructed to regulate it if there are problems. The tendency for most homeowners is to over water lawns. Allowing the maintenance crew to adjust it will most likely save you dollars on your water bill. For residents in Abigail's Park, your home is equipped as described above. If you opt for yard maintenance, then the lawn maintenance crew will be instructed to monitor and adjust your controller as described above.

Finally, the following is provided for your information.

- **On-street parking** - In a nutshell, on-street parking is prohibited. However, we recognize there are times that it is necessary. It is habitual on-street parking that is a violation. Habitual on-street parking would be parking not caused by infrequent social functions or overnight guests. I know this is vague, but it is an effort to be fair to our residents.
- **Insurance** - In March the Westport HOA Board made a decision to switch insurance carriers. State Farm was replaced with St. Paul/Travelers. St. Paul/Travelers is represented by BB&T's Insurance Services Division. The policy insures the following:
  - Hazard/wind/hail for all townhomes and all common area assets such as pool, clubhouse, statuary, etc.
  - Directors and officers for the Board
  - Liability insurance for the HOA
- **Committees** - At the next annual meeting we will begin a process of creating committees. These committees will be charged with handling or overseeing important parts of ongoing community functions. Examples include clubhouse/pool, landscaping, welcoming, communications, architectural control, covenants, nominating, etc. Please give thought to volunteering your time in making Westport a great place to call home.

Dear Westport HOA Member:

Welcome to the Westport Community. Each homeowner was given a copy of the Covenants, Conditions and Restrictions for Westport when the sale of the home/lot was completed. The Homeowners Association is charged with the enforcement of these Covenants, Conditions and Restrictions. In an effort to be proactive and hopefully helpful, the following are clarifications of areas that from the experience of the current Board creates the most problems. I urge you to read your Covenants in their entirety and should you have any questions, please call the Board's office at 371-9094. Also, attached are Clubhouse and Pool Rules.

**Building and Site Improvement:** All exterior alterations or improvements to homes have to be approved by the Architectural Control Committee (ACC).

**Fuel Tanks:** Tanks must be concealed from view.

**No On-Street Parking:** This requirement has to do with habitual on-street parking. What constitutes habitual will be determined by the Board.

**TV Satellite Dishes, Outside Antennas and Yard Statuaries** must have approval of Architectural Control Committee. Satellite dishes not over 18" will be allowed so long as they are not visible from the street. Antennas will not be allowed.

**Signs of Any Kind**, including "welcome", political and security signs are not permitted without permission of the Board of Directors.

**Tenants:** Leases must be for a minimum of 12 months. A copy of the lease evidencing the term must be provided to the HOA. Also, when leases are to more than one person the tenants must be related by blood or by marriage.

**Garbage Receptacles** must be stored out of view from the street. On the service day the receptacles must be moved from the street to their storage area.

**Pets** must be under the control of their owners and owners are responsible for cleaning up after them.

**Landscaping:** Alterations or additions to landscaping on lawns maintained by the HOA are not allowed unless approved by the ACC.

**Garage Sales/Yard Sales** are not permitted.

**Lighting:** All light bulbs on the exterior of all homes must be clear white or frosted white.

**Storm Panels:** Hurricane storm panels shall not be permanently installed on doors or windows.

Finally, I would like to discuss the lawn irrigation systems. Each lot is fully irrigated. The timer/controller for townhomes is located in a central location, usually at a well site, and regulates irrigation to each townhome building. All other lots have a timer/controller located on the outside of the home usually near the meter box or the air conditioning compressor. Except for townhome owners, the water for your irrigation is purchased by you from the North Brunswick Sanitary District.

Your Builder has installed two meters. One supplies water to your home and one supplies water for irrigation. This saves you about one-half the normal cost for your irrigation system's needs because you are not charged for sewer on that particular line. It is your responsibility to regulate your irrigation system. However, by mounting the timer/controller on the outside of your home our lawn care professionals do have access to remedy readily apparent over watering or under watering problems.

If you would like one of the landscape professionals to show you how to use the timer/controller, please contact your Builder. Most problems with irrigation are due to over watering. Once your sod is established, periodic watering is usually sufficient. Please call if you have questions.

Sincerely,
