**Release Conditions:**

It is the responsibility of the owner to maintain a 5' minimum setback between the wastewater system and any part of the structure foundation, including porches, decks, and any other appurtenances. If you are unsure as to the exact location of the septic system, please have a licensed installer or inspector locate the septic system for you. The local county health department in no way implies that the proposed construction meets the required setbacks from the septic system unless otherwise noted. This release only shows that this property has an approved wastewater system that appears to have met the permitting requirements at the time it was installed.

This release in no way expresses or implies that the existing subsurface sewage treatment and disposal system serving the site will continue to function for any period of time.

I have read this application and certify that the information provided herein is true, complete and correct. Authorized county and state officials are granted right of entry to conduct necessary inspections to determine compliance with applicable laws and rules. I understand that I am solely responsible for the proper identification and labeling of all property lines and corners and making the site accessible so that a complete site evaluation can be performed. If the information in the application for an Existing System Release is falsified, changed, or the site is altered, then the Existing System Release shall become invalid.

Date: 4/27/18

To whom it may concern,

I, ERIN PRICE authorize Environmental Health Services to inspect my property at 310 POKER MILL RD, GREENVILLE, NC 27858 to determine feasibility of installing an in-ground swimming pool.

To: All Customers

From: Pool Pro of Greenville

We strive to provide prompt, courteous service, as well as professional pool installation. However, there are certain items that are the responsibility of the homeowner. Any deviations should be agreed upon before pool installation begins. Pool Pro will not be responsible for the following items that are the sole responsibility of the homeowner.

- Dirt removal
- Excessive water problems ( If more than one load of rock, homeowner is responsible for cost of rock)
- Landscape around pool and yard (except grading for deck)
- Damage to existing driveways and amenities (Ingress and Egress to pool area to be provided by the homeowner)
- Underground perils (ex. power lines, gas lines, water lines)
- Cracking of concrete decking (expansion joints are used to help control cracking)
- Underground obstacles in pool area

Payment schedule:

50% on order

40% full of water

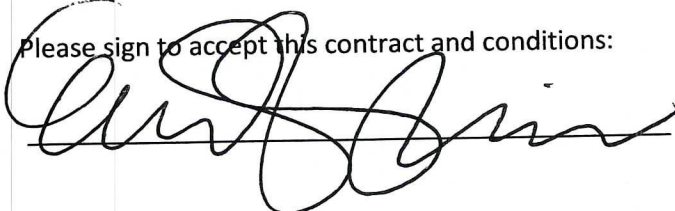

10% completion (plus change order charges)

Thanks,

  
Mike Lancaster

Pool Pro of Greenville
