- iv) The right of the Board to adopt and enforce and from time to time amend reasonable limitations upon use and Rules and Regulations pertaining to the use of the Common Areas, including regulations limiting guests of Owners and Tenants who may use the Common Areas at any one time;
- v) The right of the Association to grant permits, licenses and public or private easements over Common Areas for utilities, roads and other purposes reasonably necessary or useful for the proper maintenance or operation of the Property;

- vii) The right of the Association to mortgage, pledge, deed in trust, or hypothecate any or all of its real or personal property, including common areas and any amenities contracted thereon, for money borrowed or debts incurred.

Section 3.2 Extension of Use By Owners. Any Owner may extend his right of enjoyment to the Common Areas to the immediate and/or extended members of his family, his Tenants, guests or contract purchasers of the Owner's Lot.

Section 3.3 Extension Of Use By Association. The Association, or its assigns, shall have the right to permit any person the use of the Common Areas and amenities constructed thereon and may charge reasonable fees and contribution amounts for the use of the Common Areas and any amenities constructed thereon, unless otherwise prohibited.

Section 3.4 Reservation By Declarant. The Declarant further reserves to itself, its successors and assigns, the right to erect and maintain utilities, drainways and other public conveniences in Common Areas, including the right to cut any trees, bushes or shrubbery, make any grading in the soil, build buildings or

take any similar action reasonable and necessary or desirable to provide economical and safe installation or service.

3.4.1 Clubhouse and Amenities. The Declarant further expressly reserves to itself, its successors and assigns, and upon formation of the Association, to the Association, its successors and assigns, the right to construct, operate and manage any club, or other like facility with associated amenities, upon any of the property not designated as a residential Lot for the mutual enjoyment of the Owners and to establish reasonable fees, rules and regulations for the use thereof. ARTICLE IV GENERAL USE RESTRICTIONS

Declarant does hereby covenant and agree with all persons, firms or corporations hereafter acquiring title to any portion of the Property that Property is hereby subject to this Declaration as to the use thereof and does further agree, public and declare that the deeds hereinafter made by it to purchasers of the Property shall be made subject to the Bylaws and to the following Restrictions:

Section 4.1 Structural Requirements. Except as otherwise provided in these Restrictions, the Lots shall be used for residential purposes only. Further, no structure shall be erected, placed, altered or permitted to remain on any Lot other than a detached, single-family dwelling and related structures incidental to the residential use of the Lot, such as garages, which otherwise comply with these Restrictions, except that Declarant reserves the exclusive right to construct a roadway over any Lot owned by it in order to grant access to other property acquired by Declarant and in such cases, the remainder of any such Lot not used for the roadway shall still be subject to these Restrictions. Any Dwelling Unit may include an in-law suite or servants' quarters, provided the in-law suite or servants' quarters is attached to the Dwelling Unit; further, it may include a home office, provided the home office is attached to the Dwelling Unit and it is not receiving clients on a regular basis.

4.1.1. New Residential Buildings Required. Only new residential buildings shall be permitted on any Lot, it being the intent of this Declaration to prohibit the moving of any existing building or portion thereof on a Lot and remodeling or converting the same into a Dwelling Unit in this Subdivision, excepting, however, Declarant's mobile offices provided for hereinbelow. Modular homes, manufactured homes, and homes built off-site are not permissible; only on-site stick-built Dwelling Units are permissible and no Dwelling Units constructed elsewhere shall be allowed to be conveyed into and located on a Lot within the Subdivision.

4.1.2. Temporary Structures Not Permitted. No trailer, truck, van, mobile home, doublewide mobile home, modular home, structure constructed off-site, tent, camper, barn, garage, or other outbuilding or temporary structure parked or erected on Lots in this Subdivision shall at any time be used as a residence, temporarily or permanently, nor shall any structure of a temporary character be used as a residence. The Architectural Review Committee, hereinafter referred to as the "Committee", which is established pursuant to the Bylaws, shall have the right to approve or disapprove at its sole and absolute discretion, temporary construction shelters or vehicles. The Committee, upon approval of a temporary construction shelter or vehicle, will issue a letter

stating the length of time such shelter will be allowed to remain upon such Lot and where such shelter is to be located upon such Lot.

4.1.3. Declarant's Construction Office Permitted. Declarant shall be permitted to erect one mobile office on any Lot that it owns for the purpose of maintaining a sales information center and construction office.

Section 4.2 Landscaping Requirements. All front and side yards shall be sodded. Further, all trash receptacles, heat pumps, and other outside mechanical equipment shall be screened from view. All of the provisions of this paragraph shall be a part of the original construction plans.

4.2.1 Removal Of Trees. During construction, no trees of any kind [except pine trees and gum trees] in excess of five (5) inches in diameter at the ground level may be removed from any Lot without the prior approval of the Committee, unless those trees are within the building site or within twelve (12) feet of the main dwelling. After the initial construction of the Dwelling Unit, no trees that lie twelve (12) feet or more from the main dwelling may be removed from any Lot without the prior approval of the Committee. The Association may issue a fine to a Lot Owner in the amount of One Hundred Dollars (\$100.00) for each tree removed without permission from the Committee. Additionally, the Committee may require any removed tree(s) to be replaced by the Lot Owner, at the Lot Owner's expense, with trees of the same size, age, and species as the tree(s) removed.

4.2.2 Clearing. No clearing of any type shall be permitted on any Lot without prior approval from the Committee.

Section 4.3 Architectural Review Committee Approval Required. The design, location and complete construction plans (hereinafter "plans") of all improvements on each Lot (regardless of when such improvements are made) and the landscaping of each Lot must be approved in advance by the Architectural Review Committee, hereinafter referred to as the "Committee," which Committee is established pursuant to the Bylaws. No building, fence, wall, bulkhead, dock, pier, pool, outbuilding, driveway or any other accessory feature to the Dwelling Unit or any other structure upon any Lot shall be commenced, erected, placed, maintained or altered on any Lot or combination of contiguous Lots, nor shall the grade or elevation or physical characteristics of any Lot, combination of contiguous Lots, or portions of a Lot or Lots thereof be altered in any way whatsoever, until the proposed building plans, specifications, exterior colors and finishes, site and grading plans (showing the proposed location of such building or structure, drives, parking areas and proposed alterations to the grade, elevation or physical characteristics of the site) and the construction schedule have been approved in writing by the Committee. The Committee's refusal to approve any such plans, location or specification may be based by the Committee upon any ground, including purely aesthetic and environmental considerations, that it, in its sole and uncontrolled discretion, shall deem sufficient.

Without prior written consent of the Committee, no changes or deviations in or from such plans or specifications as approved shall be made. No alterations in the exterior appearance of any building or structure, or changes in the grade, elevation or physical characteristics of any Lot shall be made without like approval by the Committee. The Plans shall include the complete construction plans, the plot plan (showing proposed location and elevation of such building, fences, walks, drives, parking area, etc.), proposed building plans and specifications, exterior color, finish and materials. One (1) copy of all plans and related data shall be furnished to the Committee for its records. The Committee shall not be responsible for any structural or other defects in plans and specifications submitted to it or in any structure erected according to such plans and specifications. The Committee may require additional data from any Lot Owner, including data relating to adjacent and related Lots and related matters such as water

well engineering plans and specifications, and may include in its approvals reasonable terms and conditions to apply to groups of Lots such as water well standards and surface water effluent requirements, and to apply to the construction site sanitary maintenance and clean up. If no action is taken by the Committee within forty five (45) days after plans are submitted to it, the owner may proceed to build without approval, but in any event all improvements must be in accordance with these Restrictions. However, the forty five (45) day period shall not begin to run until all requested data is received by the Committee.

Section 4.4 Setback Requirements. All improvements to the Lot must comply with Onslow County setback requirements for a planned development. The establishment of inflexible building setback lines for location of houses on Lots tends to force construction of houses directly to the side of other Dwelling Units with detrimental effects on privacy, view, preservation of important trees and other vegetation, ecological and related considerations. In order to assure, however, that the foregoing considerations are given maximum effect, the site and location of any house or dwelling or other structure upon any Lot shall be controlled by and must be approved absolutely by the Committee, however, all requirements imposed by the Committee must be in accordance with the Onslow County Zoning Ordinance, Subdivision Ordinance, or the Planning Board's approval. Further, absent the extraordinary circumstances set forth below, the Committee shall approve no plans unless the following minimum setback requirements are met:

- a) Front setback for conventional Lots shall be as shown on the recorded map(s).
- b) Rear setbacks for conventional Lots shall be as shown on the recorded map(s).
- c) Side setbacks for conventional Lots shall be as shown on the recorded map(s).
- d) Setbacks for corner Lots shall be as shown on the recorded map(s).
- e) Setback lines for swimming pools on any Lot shall be set on a case by case basis.
- f) Setback lines for fences and walls shall be set on a case by case basis.

The Committee shall have the right to approve deviations from each of these setback requirements upon application of an individual Lot Owner if, for reasons of topography or well or septic approvals, strict compliance creates a hardship if such approval does not violate the Onslow County Zoning Ordinance, Subdivision Ordinance or Planning Board approval. If required by Onslow County, each plot plan must receive zoning approval prior to the commencement of any construction.

Section 4.5 Combining Lots. More than one Lot may be combined to form one or more Lots by (or with the written consent of) Declarant, its successors and assigns. No Lot may be subdivided by sale or otherwise, except by (or with the written consent of) Declarant, its successors and assigns. Upon combination or subdivision of Lots, the building line requirements prescribed herein shall apply and the easements reserved herein shall be applicable to the rear, side and front Lot lines of such Lot as combined or subdivided. The resulting building site and structures erected thereon must otherwise comply with these Restrictions and the new property line of the resulting building site shall be used to compute the setback lines as set forth herein.

Section 4.6 Restrictions Established By Division of Water Quality. The following covenants and restrictions are intended to ensure ongoing compliance with the **State Management Permit Number SW8 070617** as issued by the Division of Water Quality under NCAC 2H.1000. The State of North Carolina is made a beneficiary of these covenants to the extent necessary to maintain compliance with the

Stormwater Management Permit. The following covenants are to run with the land and be binding on all persons and parties claiming under them and may not be altered or rescinded without the express written consent of the State of North Carolina, Division of Water Quality:

a) **The maximum allowable built-upon area per lot is as follows:**

- 3,900 square feet for Lots 1-82

- 4,500 square feet for lots 83-149

This allotted amount includes any built-upon area constructed within the Lot boundaries and that portion of the right of way between the front Lot line and the edge of the pavement. Built upon area includes, but is not limited to, structures, pavement, asphalt, concrete, gravel, brick, stone, slate and coquino, walkways, or patios of brick, stone, or slate, but does not include raised, open wood decking or the water surface of swimming pools. Declarant reserves the right to recalculate the maximum allowable built-upon areas if required or allowed by applicable regulations.

b) Filling in, piping or altering any vegetated conveyances (ditches, swales, etc.) associated with the development except for average driveway crossings, is prohibited by any persons.

c) Alteration of the drainage as shown on the approved plans may not take place without the concurrence of the Division of Water Quality.

d) Lots within the CAMA'S Area of Environmental Concern may have the permitted built-upon area reduced due to CAMA jurisdiction within the AEC. Where the DCM calculates a different maximum allowed BUA for a Lot than is listed here, the more restrictive shall apply.

e) A 30-foot vegetated buffer must be maintained adjacent all surface waters, measured horizontally from and perpendicular to the normal pool of impounded structures, the top of bank of each side of rivers and streams and the Mean High Water line of tidal waters.

f) All roof drains shall terminate at the edge of the 30-foot buffer.

g) Built-upon area in excess of the permitted amount will require a permit modification.

Section 4.7 Excavation Prohibited. There shall be no excavation on any Lot which does not pertain to the building or construction of a Dwelling Unit.

4.8 Wastewater. All Dwelling Units constructed in **MARSH HAVEN** must be supplied with wastewater treatment and with water for normal domestic use as supplied by licensed utility providers Declarant or the Association may contract with for services:

i) Owners understand Declarant is constructing an off-site wastewater system for the Lots in Section I of MARSH HAVEN, which system is governed by the SEPTIC SYSTEM AGREEMENT AND DEED OF EASEMENT recorded at Book ___, Page ___ of the Onslow County Registry and incorporated herein. Lot Owners in Section I agree Declarant may contract with a licensed operator or private company to maintain the off-site wastewater system. Lot Owners in Section I shall be responsible for all periodic fees and other fees charged by the licensed operator or private company for continuing service to the individual Lot. These fees may be increased by the company or regulatory agency responsible for maintaining the waste water lines and will be assessed against all applicable Lot Owners in Section I as a Limited

Common Element expense. Lot Owners in Section I shall also be responsible for maintenance of that portion of the wastewater system located on their Lot, including but not limited to the septic tanks, grinder pumps and pump tanks. Lot Owners in Section I understand the Association will maintain the force mains located in Common Areas and in the right of ways, and will also maintain the drain fields. Work necessary to repair the force mains or drain fields will be assessed against those Owners whose Lots are serviced by the particular force main or drain field which needs repair, as those items are considered Limited Common Elements.

ii) ONWASA supplies water for normal domestic use to **MARSH HAVEN**. Owners of Lots shall be responsible for all tap on fees, the costs of installation of the water supply lines on the Lot, all term or periodic fees and other fees charged by the company for continuing service to the individual Lot.

In the event a well must be drilled and/or waste water treatment system installed on a Lot, then each individual Lot Owner shall locate the well drilled and/or waste water treatment system installed on such Lot so as to comply with all the governmental regulations regulating the minimum distance between such well and septic fields proposed or approved for the Owner's Lot and all Lots adjoining such Owner's Lot. No well shall be drilled or constructed and/or waste water treatment system installed without the prior written approval of the Committee. The Committee shall have the authority to approve the installation of a well on any Lot for the purpose of yard irrigation.

Section 4.8 Driveways; Parking.

4.8.1 Driveways Are Private. All connections of private driveways to the **MARSH HAVEN** road system shall be constructed, by the Lot Owner, and maintained, by the Lot Owner, in accordance with the rules, regulations and specifications of the Committee.

4.8.2 Driveway Specifications. In order to insure fire protection is readily available to all Lots, all driveways which connect residences or other structures that are more than fifty (50) feet from the Subdivision road must be at least eleven (11) feet in width, with a clearance of no less than eleven (11) feet in height.

4.8.3 Overnight Parking. Overnight street parking is not permitted.

Section 4.9 Right Of Ways. There shall be no signs, fencing or parking permitted within the road right-of-way.

Section 4.10 Noxious Or Offensive Activity Prohibited. No noxious or offensive trade or activity shall be carried on upon any Lot, nor shall anything be done thereon which may become an annoyance or nuisance to the Subdivision. No animals or poultry of any kind may be kept or maintained on any of said Lots, except a reasonable number of dogs, cats and birds that are kept on the Owner's Lot. No pets (including, but not limited to dogs and cats) shall be permitted to roam the Lot, and the Association may have strays and animals (including, but not limited to dogs and cats) that are not leashed and are found off their Owner's Lot removed by government authorities.

Section 4.11 Pollution Prohibited. The throwing or dumping of trash, garbage and waste materials shall not be permitted. The interference of any stream or future waterways so as to cause pollution or stagnation in these waterways is prohibited. No clearing, filling or disturbing of the wetlands in violation of the governmental regulations shall be permitted. No heating or cooling system shall discharge surface water from any Lot without prior approval from the Committee.

Section 4.12 General/Miscellaneous Use Restrictions. It shall be the responsibility of each Lot Owner to prevent any unclean, unsightly or unkempt condition of buildings or ground on such Lot consistent with the Subdivision as determined by the Board of Directors. Section 2.2 Additions To Existing Property. As provided for herein, it is understood that Declarant, its successors and assigns, may develop, subdivide, or sell additional tracts or parcels of land. Additional property, including any additions (including real property and/or improvements) to the Common Area, which may be made by Declarant at its sole and complete discretion, and property adjacent thereto may be brought within the scheme of these Declarations and the Bylaws and the future jurisdiction of the **MARSH HAVEN HOA, INC.** in the following ways:

a. Each, any or all of the Property may be annexed to the properties by Declarant, at its sole and absolute discretion, and brought within the scheme of these Declarations and the Bylaws and within the jurisdiction of the Association, in future stages of development without the consent of the Association or its Members; provided, however, that said annexations, if any, must occur within twenty (20) years after the date of this instrument.

The Declarant may grant said easement without the consent of the Association.

e. The Declarant reserves the right to subject the real property in this Subdivision to an agreement for installation of underground electric system and street lighting, for, among other things, the installation of underground electrical service and the installation of street lighting, which will require each Lot Owner to make a continuing monthly payment to JOEMC (Jones Onslow Electric Membership Cooperative) for street lighting service and other services.

The Declarant makes no representation in this Declaration as to the type, quality or amount of Common Areas and improvements other than shown on the Final Plat as approved by the Onslow County Planning Board and subject to any contractual arrangements entered into by Declarant prior to the filing and approval of said Final Plat and/or subject to any contractual arrangements between the Association and a third party. However, every Lot Owner shall have a right and easement of enjoyment in and to the Common Area, which shall be appurtenant to and shall pass with the title to every lot, subject to the aforesaid and the following provisions:

- iv) The right of the Board to adopt and enforce and from time to time amend reasonable limitations upon use and Rules and Regulations pertaining to the use of the Common Areas, including regulations limiting guests of Owners and Tenants who may use the Common Areas at any one time;
- v) The right of the Association to grant permits, licenses and public or private easements over Common Areas for utilities, roads and other purposes reasonably necessary or useful for the proper maintenance or operation of the Property;
- vi) The right of the Association to dedicate or convey portions of the Common Areas to applicable governmental authorities for park or other public purposes; or

- vii) The right of the Association to mortgage, pledge, deed in trust, or hypothecate any or all of its real or personal property, including common areas and any amenities contracted thereon, for money borrowed or debts incurred.

Section 3.2 Extension of Use By Owners. Any Owner may extend his right of enjoyment to the Common Areas to the immediate and/or extended members of his family, his Tenants, guests or contract purchasers of the Owner's Lot.

Section 3.3 Extension Of Use By Association. The Association, or its assigns, shall have the right to permit any person the use of the Common Areas and amenities constructed thereon and may charge reasonable fees and contribution amounts for the use of the Common Areas and any amenities constructed thereon, unless otherwise prohibited.

Section 3.4 Reservation By Declarant. The Declarant further reserves to itself, its successors and assigns, the right to erect and maintain utilities, drainways and other public conveniences in Common Areas, including the right to cut any trees, bushes or shrubbery, make any grading in the soil, build buildings or take any similar action reasonable and necessary or desirable to provide economical and safe installation or service.

3.4.1 Clubhouse and Amenities. The Declarant further expressly reserves to itself, its successors and assigns, and upon formation of the Association, to the Association, its successors and assigns, the right to construct, operate and manage any club, or other like facility with associated amenities, upon any of the property not designated as a residential Lot for the mutual enjoyment of the Owners and to establish reasonable fees, rules and regulations for the use thereof. The Declarant specifically reserves the right to transfer these facilities to the Association with the Common Area.

Section 3.5 Association's Duties. The Association shall have the duty to repair, replace and maintain all Common Area, including recreational areas and improvements located thereon, and all non-dedicated streets, roads, road right of ways, and other common property.

ARTICLE IV GENERAL USE RESTRICTIONS

Declarant does hereby covenant and agree with all persons, firms or corporations hereafter acquiring title to any portion of the Property that Property is hereby subject to this Declaration as to the use thereof and does further agree, public and declare that the deeds hereinafter made by it to purchasers of the Property shall be made subject to the Bylaws and to the following Restrictions:

Section 4.1 Structural Requirements. Except as otherwise provided in these Restrictions, the Lots shall be used for residential purposes only. Further, no structure shall be erected, placed, altered or permitted to remain on any Lot other than a detached, single-family dwelling and related structures incidental to the residential use of the Lot, such as garages, which otherwise comply with these Restrictions, except that Declarant reserves the exclusive right to construct a roadway over any Lot owned by it in order to grant access to other property acquired by Declarant and in such cases, the remainder of any such Lot not used for the roadway shall still be subject to these Restrictions. Any Dwelling Unit may include an in-law suite or servants' quarters, provided the in-law suite or servants' quarters is attached to the Dwelling Unit; further, it may include a home office, provided the home office is attached to the Dwelling Unit and it is not receiving clients on a regular basis.

4.1.1. New Residential Buildings Required. Only new residential buildings shall be permitted on any Lot, it being the intent of this Declaration to prohibit the moving of any existing building or portion thereof on a Lot and remodeling or converting the same into a Dwelling Unit in this Subdivision, excepting, however, Declarant's mobile offices provided for hereinbelow. Modular homes, manufactured homes, and homes built off-site are not permissible; only on-site stick-built Dwelling Units are permissible and no Dwelling Units constructed elsewhere shall be allowed to be conveyed into and located on a Lot within the Subdivision.

4.1.2. Temporary Structures Not Permitted. No trailer, truck, van, mobile home, doublewide mobile home, modular home, structure constructed off-site, tent, camper, barn, garage, or other outbuilding or temporary structure parked or erected on Lots in this Subdivision shall at any time be used as a residence, temporarily or permanently, nor shall any structure of a temporary character be used as a residence. The Architectural Review Committee, hereinafter referred to as the "Committee", which is established pursuant to the Bylaws, shall have the right to approve or disapprove at its sole and absolute discretion, temporary construction shelters or vehicles. The Committee, upon approval of a temporary construction shelter or vehicle, will issue a letter stating the length of time such shelter will be allowed to remain upon such Lot and where such shelter is to be located upon such Lot.

4.1.3. Declarant's Construction Office Permitted. Declarant shall be permitted to erect one mobile office on any Lot that it owns for the purpose of maintaining a sales information center and construction office.

Section 4.2 Landscaping Requirements. All front and side yards shall be sodded. Further, all trash receptacles, heat pumps, and other outside mechanical equipment shall be screened from view. All of the provisions of this paragraph shall be a part of the original construction plans.

4.2.1 Removal Of Trees. During construction, no trees of any kind [except pine trees and gum trees] in excess of five (5) inches in diameter at the ground level may be removed from any Lot without the prior approval of the Committee, unless those trees are within the building site or within twelve (12) feet of the main dwelling. After the initial construction of the Dwelling Unit, no trees that lie twelve (12) feet or more from the main dwelling may be removed from any Lot without the prior approval of the Committee. The Association may issue a fine to a Lot Owner in the amount of One Hundred Dollars (\$100.00) for each tree removed without permission from the Committee. Additionally, the Committee may require any removed tree(s) to be replaced by the Lot Owner, at the Lot Owner's expense, with trees of the same size, age, and species as the tree(s) removed.

4.2.2 Clearing. No clearing of any type shall be permitted on any Lot without prior approval from the Committee.

Section 4.3 Architectural Review Committee Approval Required. The design, location and complete construction plans (hereinafter "plans") of all improvements on each Lot (regardless of when such improvements are made) and the landscaping of each Lot must be approved in advance by the Architectural Review Committee, hereinafter referred to as the "Committee," which Committee is established pursuant to the Bylaws. No building, fence, wall, bulkhead, dock, pier, pool, outbuilding, driveway or any other accessory feature to the Dwelling Unit or any other structure upon any Lot shall be commenced, erected, placed, maintained or altered on any Lot or combination of contiguous Lots, nor shall the grade or elevation or physical characteristics of any Lot, combination of contiguous Lots, or portions of a Lot or Lots thereof be altered in any way whatsoever, until the proposed building plans, specifications, exterior colors and finishes, site and grading plans (showing the proposed location of such

building or structure, drives, parking areas and proposed alterations to the grade, elevation or physical characteristics of the site) and the construction schedule have been approved in writing by the Committee. The Committee's refusal to approve any such plans, location or specification may be based by the Committee upon any ground, including purely aesthetic and environmental considerations, that it, in its sole and uncontrolled discretion, shall deem sufficient.

Without prior written consent of the Committee, no changes or deviations in or from such plans or specifications as approved shall be made. No alterations in the exterior appearance of any building or structure, or changes in the grade, elevation or physical characteristics of any Lot shall be made without like approval by the Committee. The Plans shall include the complete construction plans, the plot plan (showing proposed location and elevation of such building, fences, walks, drives, parking area, etc.), proposed building plans and specifications, exterior color, finish and materials. One (1) copy of all plans and related data shall be furnished to the Committee for its records. The Committee shall not be responsible for any structural or other defects in plans and specifications submitted to it or in any structure erected according to such plans and specifications. The Committee may require additional data from any Lot Owner, including data relating to adjacent and related Lots and related matters such as water well engineering plans and specifications, and may include in its approvals reasonable terms and conditions to apply to groups of Lots such as water well standards and surface water effluent requirements, and to apply to the construction site sanitary maintenance and clean up. If no action is taken by the Committee within forty five (45) days after plans are submitted to it, the owner may proceed to build without approval, but in any event all improvements must be in accordance with these Restrictions. However, the forty five (45) day period shall not begin to run until all requested data is received by the Committee.

Section 4.4 Setback Requirements. All improvements to the Lot must comply with Onslow County setback requirements for a planned development. The establishment of inflexible building setback lines for location of houses on Lots tends to force construction of houses directly to the side of other Dwelling Units with detrimental effects on privacy, view, preservation of important trees and other vegetation, ecological and related considerations. In order to assure, however, that the foregoing considerations are given maximum effect, the site and location of any house or dwelling or other structure upon any Lot shall be controlled by and must be approved absolutely by the Committee, however, all requirements imposed by the Committee must be in accordance with the Onslow County Zoning Ordinance, Subdivision Ordinance, or the Planning Board's approval. Further, absent the extraordinary circumstances set forth below, the Committee shall approve no plans unless the following minimum setback requirements are met:

- a) Front setback for conventional Lots shall be as shown on the recorded map(s).
- b) Rear setbacks for conventional Lots shall be as shown on the recorded map(s).
- c) Side setbacks for conventional Lots shall be as shown on the recorded map(s).
- d) Setbacks for corner Lots shall be as shown on the recorded map(s).
- e) Setback lines for swimming pools on any Lot shall be set on a case by case basis.
- f) Setback lines for fences and walls shall be set on a case by case basis.

The Committee shall have the right to approve deviations from each of these setback requirements upon application of an individual Lot Owner if, for reasons of topography or well or septic approvals, strict compliance creates a hardship if such approval does not violate the Onslow County

Zoning Ordinance, Subdivision Ordinance or Planning Board approval. If required by Onslow County, each plot plan must receive zoning approval prior to the commencement of any construction.

Section 4.5 Combining Lots. More than one Lot may be combined to form one or more Lots by (or with the written consent of) Declarant, its successors and assigns. No Lot may be subdivided by sale or otherwise, except by (or with the written consent of) Declarant, its successors and assigns. Upon combination or subdivision of Lots, the building line requirements prescribed herein shall apply and the easements reserved herein shall be applicable to the rear, side and front Lot lines of such Lot as combined or subdivided. A majority vote of each class of voting members of the Association present at a meeting of the Association must approve an increase or decrease in the yearly assessment if the increase or decrease exceeds the assessment for the previous year by more than ten percent (10%).

8.1.4 Any action brought by the Association hereunder may be brought in its own name, in the name of its Board, or in the name of its managing agent. 3.4.1 Clubhouse and Amenities. The Declarant further expressly reserves to itself, its successors and assigns, and upon formation of the Association, to the Association, its successors and assigns, the right to construct, operate and manage any club, or other like facility with associated amenities, upon any of the property not designated as a residential Lot for the mutual enjoyment of the Owners and to establish reasonable fees, rules and regulations for the use thereof. The Declarant specifically reserves the right to transfer these facilities to the Association with the Common Area.

Section 3.5 Association's Duties. The Association shall have the duty to repair, replace and maintain all Common Area, including recreational areas and improvements located thereon, and all non-dedicated streets, roads, road right of ways, and other common property.

ARTICLE IV GENERAL USE RESTRICTIONS

Declarant does hereby covenant and agree with all persons, firms or corporations hereafter acquiring title to any portion of the Property that Property is hereby subject to this Declaration as to the use thereof and does further agree, public and declare that the deeds hereinafter made by it to purchasers of the Property shall be made subject to the Bylaws and to the following Restrictions:

Section 4.1 Structural Requirements. Except as otherwise provided in these Restrictions, the Lots shall be used for residential purposes only. Further, no structure shall be erected, placed, altered or permitted to remain on any Lot other than a detached, single-family dwelling and related structures incidental to the residential use of the Lot, such as garages, which otherwise comply with these Restrictions, except that Declarant reserves the exclusive right to construct a roadway over any Lot owned by it in order to grant access to other property acquired by Declarant and in such cases, the remainder of any such Lot not used for the roadway shall still be subject to these Restrictions. Any Dwelling Unit may include an in-law suite or servants' quarters, provided the in-law suite or servants' quarters is attached to the Dwelling Unit;

further, it may include a home office, provided the home office is attached to the Dwelling Unit and it is not receiving clients on a regular basis.

4.1.1. New Residential Buildings Required. Only new residential buildings shall be permitted on any Lot, it being the intent of this Declaration to prohibit the moving of any existing building or portion thereof on a Lot and remodeling or converting the same into a Dwelling Unit in this Subdivision, excepting, however, Declarant's mobile offices provided for hereinbelow. Modular homes, manufactured homes, and homes built off-site are not permissible; only on-site stick-built Dwelling Units are permissible and no Dwelling Units constructed elsewhere shall be allowed to be conveyed into and located on a Lot within the Subdivision.

4.1.2. Temporary Structures Not Permitted. No trailer, truck, van, mobile home, doublewide mobile home, modular home, structure constructed off-site, tent, camper, barn, garage, or other outbuilding or temporary structure parked or erected on Lots in this Subdivision shall at any time be used as a residence, temporarily or permanently, nor shall any structure of a temporary character be used as a residence. The Architectural Review Committee, hereinafter referred to as the "Committee", which is established pursuant to the Bylaws, shall have the right to approve or disapprove at its sole and absolute discretion, temporary construction shelters or vehicles. The Committee, upon approval of a temporary construction shelter or vehicle, will issue a letter stating the length of time such shelter will be allowed to remain upon such Lot and where such shelter is to be located upon such Lot.

4.1.3. Declarant's Construction Office Permitted. Declarant shall be permitted to erect one mobile office on any Lot that it owns for the purpose of maintaining a sales information center and construction office.

Section 4.2 Landscaping Requirements. All front and side yards shall be sodded. Further, all trash receptacles, heat pumps, and other outside mechanical equipment shall be screened from view. All of the provisions of this paragraph shall be a part of the original construction plans.

4.2.1 Removal Of Trees. During construction, no trees of any kind [except pine trees and gum trees] in excess of five (5) inches in diameter at the ground level may be removed from any Lot without the prior approval of the Committee, unless those trees are within the building site or within twelve (12) feet of the main dwelling. After the initial construction of the Dwelling Unit, no trees that lie twelve (12) feet or more from the main dwelling may be removed from any Lot without the prior approval of the Committee. The Association may issue a fine to a Lot Owner in the amount of One Hundred Dollars (\$100.00) for each tree removed without permission from the Committee. Additionally, the Committee may require any removed tree(s) to be replaced by the Lot Owner, at the Lot Owner's expense, with trees of the same size, age, and species as the tree(s) removed.

4.2.2 Clearing. No clearing of any type shall be permitted on any Lot without prior approval from the Committee.

Section 4.3 Architectural Review Committee Approval Required. The design, location and complete construction plans (hereinafter "plans") of all improvements on each Lot (regardless of when such improvements are made) and the landscaping of each Lot must be approved in advance by the Architectural Review Committee, hereinafter referred to as the "Committee," which Committee is established pursuant to the Bylaws. No building, fence, wall, bulkhead, dock, pier, pool, outbuilding,

driveway or any other accessory feature to the Dwelling Unit or any other structure upon any Lot shall be commenced, erected, placed, maintained or altered on any Lot or combination of contiguous Lots, nor shall the grade or elevation or physical characteristics of any Lot, combination of contiguous Lots, or portions of a Lot or Lots thereof be altered in any way whatsoever, until the proposed building plans, specifications, exterior colors and finishes, site and grading plans (showing the proposed location of such building or structure, drives, parking areas and proposed alterations to the grade, elevation or physical characteristics of the site) and the construction schedule have been approved in writing by the Committee. The Committee's refusal to approve any such plans, location or specification may be based by the Committee upon any ground, including purely aesthetic and environmental considerations, that it, in its sole and uncontrolled discretion, shall deem sufficient.

Without prior written consent of the Committee, no changes or deviations in or from such plans or specifications as approved shall be made. No alterations in the exterior appearance of any building or structure, or changes in the grade, elevation or physical characteristics of any Lot shall be made without like approval by the Committee. The Plans shall include the complete construction plans, the plot plan (showing proposed location and elevation of such building, fences, walks, drives, parking area, etc.), proposed building plans and specifications, exterior color, finish and materials. One (1) copy of all plans and related data shall be furnished to the Committee for its records. The Committee shall not be responsible for any structural or other defects in plans and specifications submitted to it or in any structure erected according to such plans and specifications. The Committee may require additional data from any Lot Owner, including data relating to adjacent and related Lots and related matters such as water well engineering plans and specifications, and may include in its approvals reasonable terms and conditions to apply to groups of Lots such as water well standards and surface water effluent requirements, and to apply to the construction site sanitary maintenance and clean up. If no action is taken by the Committee within forty five (45) days after plans are submitted to it, the owner may proceed to build without approval, but in any event all improvements must be in accordance with these Restrictions. However, the forty five (45) day period shall not begin to run until all requested data is received by the Committee.

Section 4.4 Setback Requirements. All improvements to the Lot must comply with Onslow County setback requirements for a planned development. The establishment of inflexible building setback lines for location of houses on Lots tends to force construction of houses directly to the side of other Dwelling Units with detrimental effects on privacy, view, preservation of important trees and other vegetation, ecological and related considerations. In order to assure, however, that the foregoing considerations are given maximum effect, the site and location of any house or dwelling or other structure upon any Lot shall be controlled by and must be approved absolutely by the Committee, however, all requirements imposed by the Committee must be in accordance with the Onslow County Zoning Ordinance, Subdivision Ordinance, or the Planning Board's approval. Further, absent the extraordinary circumstances set forth below, the Committee shall approve no plans unless the following minimum setback requirements are met:

- a) Front setback for conventional Lots shall be as shown on the recorded map(s).
- b) Rear setbacks for conventional Lots shall be as shown on the recorded map(s).
- c) Side setbacks for conventional Lots shall be as shown on the recorded map(s).
- d) Setbacks for corner Lots shall be as shown on the recorded map(s).

- e) Setback lines for swimming pools on any Lot shall be set on a case by case basis.
- f) Setback lines for fences and walls shall be set on a case by case basis.

The Committee shall have the right to approve deviations from each of these setback requirements upon application of an individual Lot Owner if, for reasons of topography or well or septic approvals, strict compliance creates a hardship if such approval does not violate the Onslow County Zoning Ordinance, Subdivision Ordinance or Planning Board approval. If required by Onslow County, each plot plan must receive zoning approval prior to the commencement of any construction.

Section 4.5 Combining Lots. More than one Lot may be combined to form one or more Lots by (or with the written consent of) Declarant, its successors and assigns. No Lot may be subdivided by sale or otherwise, except by (or with the written consent of) Declarant, its successors and assigns. Upon combination or subdivision of Lots, the building line requirements prescribed herein shall apply and the easements reserved herein shall be applicable to the rear, side and front Lot lines of such Lot as combined or subdivided. The resulting building site and structures erected thereon must otherwise comply with these Restrictions and the new property line of the resulting building site shall be used to compute the setback lines as set forth herein.

Section 4.6 Restrictions Established By Division of Water Quality. The following covenants and restrictions are intended to ensure ongoing compliance with the **State Management Permit Number SW8 070617** as issued by the Division of Water Quality under NCAC 2H.1000. The State of North Carolina is made a beneficiary of these covenants to the extent necessary to maintain compliance with the Stormwater Management Permit. The following covenants are to run with the land and be binding on all persons and parties claiming under them and may not be altered or rescinded without the express written consent of the State of North Carolina, Division of Water Quality:

- a) **The maximum allowable built-upon area per lot is as follows:**
 - **3,900 square feet for Lots 1-82**
 - **4,500 square feet for lots 83-149**

This allotted amount includes any built-upon area constructed within the Lot boundaries and that portion of the right of way between the front Lot line and the edge of the pavement. Built upon area includes, but is not limited to, structures, pavement, asphalt, concrete, gravel, brick, stone, slate and coquino, walkways, or patios of brick, stone, or slate, but does not include raised, open wood decking or the water surface of swimming pools. Declarant reserves the right to recalculate the maximum allowable built-upon areas if required or allowed by applicable regulations.

- b) Filling in, piping or altering any vegetated conveyances (ditches, swales, etc.) associated with the development except for average driveway crossings, is prohibited by any persons.
- c) Alteration of the drainage as shown on the approved plans may not take place without the concurrence of the Division of Water Quality.
- d) Lots within the CAMA'S Area of Environmental Concern may have the permitted built-upon area reduced due to CAMA jurisdiction within the AEC. Where the DCM calculates a different maximum allowed BUA for a Lot than is listed here, the more restrictive shall apply.

- e) A 30-foot vegetated buffer must be maintained adjacent all surface waters, measured horizontally from and perpendicular to the normal pool of impounded structures, the top of bank of each side of rivers and streams and the Mean High Water line of tidal waters.
- f) All roof drains shall terminate at the edge of the 30-foot buffer.
- g) Built-upon area in excess of the permitted amount will require a permit modification.

Section 4.7 Excavation Prohibited. There shall be no excavation on any Lot which does not pertain to the building or construction of a Dwelling Unit.

Lot Owners in Section 1 and Section 1-B agree Declarant may contract with a licensed operator or private company to maintain the off-site wastewater system. Lot Owners in Section 1 and Section 1B shall be responsible for all periodic fees and other fees charged by the licensed operator or private company for continuing service to the individual Lot. These fees may be increased by the company or regulatory agency responsible for maintaining the waste water lines and will be assessed against all applicable Lot Owners in Section 1 and Section 1-B as a Limited Common Element expense. Lot Owners in Section 1 and Section 1-B shall also be responsible for maintenance of that portion of the wastewater system located on their Lot, including but not limited to the septic tanks, grinder pumps and pump tanks. Lot Owners in Section 1 and Section 1-B understand the Association will maintain the force mains located in Common Areas and in the right of ways, and will also maintain the drain fields. Work necessary to repair the force mains or drain fields will be assessed against those Owners whose Lots are serviced by the particular force main or drain field which needs repair, as those items are considered Limited Common Elements.

ii) **ONWASA** supplies water for normal domestic use to **MARSH HAVEN**. Owners of Lots shall be responsible for all tap on fees, the costs of installation of the water supply lines on the Lot, all term or periodic fees and other fees charged by the company for continuing service to the individual Lot.

In the event a well must be drilled and/or waste water treatment system installed on a Lot, then each individual Lot Owner shall locate the well drilled and/or waste water treatment system installed on such Lot so as to comply with all the governmental regulations regulating the minimum distance between such well and septic fields proposed or approved for the Owner's Lot and all Lots adjoining such Owner's Lot. No well shall be drilled or constructed and/or waste water treatment system installed without the prior written approval of the Committee. The Committee shall have the authority to approve the installation of a well on any Lot for the purpose of yard irrigation.

No animals or poultry of any kind may be kept or maintained on any of said Lots, except a reasonable number of dogs, cats and birds that are kept on the Owner's Lot. No pets (including, but not limited to dogs and cats) shall be permitted to roam the Lot, and the Association may have strays and animals (including, but not limited to dogs and cats) that are not leashed and are found off their Owner's Lot removed by government authorities.

No separate newspaper boxes are permitted for any Lot. Newspaper boxes may be combined with mail boxes on one post when the design of the boxes, post and the placement thereof has been approved by the Committee. All leases of any Dwelling Unit shall be in writing. All such leases shall provide that they are subject to all of the provisions of the Declaration, the Bylaws and the Rules and Regulations and that any failure by the lessee to comply with any of such provisions shall constitute a default under

ARTICLE V HOMEOWNERS ASSOCIATION

Section 5.1 Homeowners Association. The North Carolina non-profit corporation known as **MARSH HAVEN HOA, INC.**, shall be responsible for the maintenance, management and control of the Common Areas.

Section 5.2 Board of Directors and Officers. The Board of Directors, and such officers as may be elected or appointed in accordance with the Articles or the Bylaws, shall conduct the affairs of the Association. The Board of Directors may also appoint committees and managers or other employees and agents who shall, subject to the general direction of the Board of Directors, be responsible for the day-to-day operation of the Association.

Section 5.3 Rules and Regulations. By a majority vote of the Board of Directors, the Association may, from time to time, adopt, amend and repeal Rules and Regulations with respect to all aspects of the Association's rights, activities, and duties under this Declaration. The Rules and Regulations may, without

limitation, govern use of the Subdivision, including prohibiting, restricting or imposing charges for the use of any portion of the Subdivision by Owners, Residents or others, interpret this Declaration or establish procedures for operation of the Association or the administration of this Declaration; provided, however, that the Rules and Regulations shall not be inconsistent with this Declaration, the Articles, or the Bylaws. A copy of the Rules and Regulations, as they may from time to time be adopted, amended or repealed, shall be maintained in the office of the Association and shall be available to each Owner upon request.

Section 5.4 Membership in Association. Every Owner of a Lot shall be a Member of the Association. Such Owner and Member shall abide by the Association's Rules and Regulations, shall pay the Assessments provided for in this Declaration, when due, and shall comply with decisions of the Association's governing body. Conveyance of fee simple title to a Lot automatically transfers membership in the Association (as to each Lot, a "Membership") without necessity of further documents. Membership shall be appurtenant to and may not be separated from ownership of any Lot that is subject to Assessment.

Section 5.5. Members. Every person, group of persons, or entity which is a record Owner of a fee or undivided fee interest in any Lot which is subject by the Declaration to assessment by the Association, including contract sellers, shall be a Member of the Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject by the Declaration to assessment by the Association.

5.5.1 Voting. Each Member shall have one (1) vote in the affairs of the Association. When more than one person holds an interest in any Membership, the vote for such Membership shall be exercised as they among themselves determine, but in no event shall more than one (1) vote be cast with respect to any Lot.

Section 5.6 Maintenance Obligations of the Association. The Association, at its expense, shall maintain, operate, and keep in good repair, unless such obligations are assumed by any municipal or governmental agency having jurisdiction thereof, the Common Areas and all improvements located thereon for the common benefit of the Subdivision. This shall include, without limitation, the maintenance, repair, replacement, and painting of the following landscaping and improvements (to the extent that such are located upon or constitute Common Areas): (a) all private roadways, sidewalks, walkways and uncovered parking spaces; (b) all lawns, trees, grass and landscape areas, and fences, except as otherwise set forth herein below; (c) all conduits, ducts, utility pipes, plumbing, wiring, and other facilities which are part of or located in, or for the furnishing of utility services to, the Common Areas and which are not for the exclusive use of a single Dwelling Unit.

The Association shall make the determination as to when maintenance, repair, replacement and care shall be done, and its determination shall be binding. The Association shall have the right to employ a manager to oversee and implement the Association's maintenance obligations, and any such management fees incurred thereby shall be paid by the Association. The Association shall also perform the other duties prescribed by this instrument or the Association's Rules and Regulations.

Section 5.7 Maintenance Obligation of the Lot Owners. The responsibilities of each Lot Owner include:

5.7.1 To clean, maintain, keep in good order, repair and replace at his or her expense all portions of his or her Lot and Dwelling Unit. Any repair, replacement, and maintenance work to be done by an Owner must comply with any Rules and Regulations of the Association including Architectural Review Committee.

5.7.2 To perform his or her responsibilities in such a manner so as not to unreasonably disturb other persons residing within the Subdivision.

5.7.3 Not to paint or otherwise alter, or change the appearance of any exterior portion of his or her Dwelling Unit, without the written consent of the Architectural Review Committee.

5.7.4 Not to impair the use of any easement without first obtaining the written consent of the Association and of the Owner or Owners for whose benefit such easement exists.

5.7.5 Each Owner shall be deemed to agree by acceptance of delivery of a deed to a Lot, to repair and/or replace, at his or her expense, all portions of the Common Areas which may be damaged or destroyed by reason of his or her own intentional or negligent act or omission, or by the intentional or negligent act or omission of any invitee, Tenant, or licensee family member, including, but not limited to, any repairs necessary which result from damage incurred by pets or vehicles owned by the Owner, or owned by any guest, invitee, Tenant or licensee of such Owner. To the extent that any Common Area is damaged as an insurable loss and the proceeds from the Association's insurance policy are utilized to pay for the loss, the Owner shall be responsible for payment of the deductible as an Individual Assessment in accordance with Section 6.6 and Section 8.7 below.

ARTICLE VI COVENANT FOR ASSESSMENTS

Section 6.1 Payment Of Assessment By Declarant. So long as there is a Class B Membership in the Association and except as otherwise provided in this Declaration, until the Association makes a common expense assessment, the Declarant shall pay all common expenses. After any assessment has been made by the Association, assessments thereafter shall be made at least annually.

Further, after the Association makes a common expense assessment, so long as there is a Class B Membership in the Association, the Declarant may annually elect either: (a) to pay regular assessments on its unsold Lots, (b) to pay the difference between the amount of assessments collected on all other Lots subject to assessment and the amount of actual expenditures by the Association during the fiscal year, or (c) to pay one-half (1/2) of the assessments for an unimproved Lot for all Lots which are platted or recorded in the Office of the Register of Deeds of Onslow County but which have not yet been sold to a person other than Declarant. Unless the Declarant otherwise notifies the Board of Directors in writing at least forty-five (45) days before the beginning of each fiscal year, the Declarant shall be deemed to have elected to continue paying on the same basis as during the immediately preceding fiscal year. The Declarant's obligation hereunder may be satisfied in the form of cash or by "in kind" contribution of services or materials, or by a combination of these.

Section 6.2 Calculation of Assessments. Except for assessments under subsections 6.2.1, 6.2.2, 6.2.3 and 6.2.4 of this section, all Common Expenses shall be assessed against all the Lots in accordance with

the allocations set forth in this Declaration. Any past-due common expense assessment or installment thereof bears interest at the rate established by the Association not exceeding eighteen percent (18%) per year.

6.2.1 To the extent required by the Declaration:

(a) Any Common Expense associated with the maintenance, repair, or replacement of, or developing reserves for a Limited Common Element shall be assessed against the Lots to which that Limited Common Element is assigned, equally, or in any other proportion that this Declaration provides;

(b) Any Common Expense or portion thereof benefiting fewer than all of the Lots shall be assessed exclusively against the Lots benefited; and

(c) The costs of insurance shall be assessed in proportion to risk and the costs of utilities shall be assessed in proportion to usage.

6.2.2 Assessments to pay a judgment against the Association may be made only against the Lots in the Planned Community at the time the judgment was entered, in proportion to their Common Expense liabilities.

6.2.3 If any Common Expenses is caused by the negligence or misconduct of any Lot Owner or occupant, the Association may assess that expense exclusively against that Lot Owners or occupant's Lot. The Association may choose to have the maintenance, repair or replacement done and then charge the cost thereof to said Lot Owner, to be paid within thirty (30) days thereafter, unless an earlier date is otherwise set forth herein.

6.2.4 If Common Expense liabilities are reallocated, Common Expense assessments and any installment thereof not yet due shall be recalculated in accordance with the reallocated Common Expense liabilities.

Section 6.3 Regular Assessments. The Association shall have the right, from time to time, to establish a reasonable assessment, which assessment shall be paid by each Owner in such periodic installments as the Association may determine, to be used to pay: (1) the operation and administrative expenses of the Association; (2) the costs of maintenance, upkeep, replacement and repair of all non-dedicated streets, roads, road right of ways and other Common Area; (3) other expenses necessary or useful to maintain and operate the Association and the recreational facilities (including, without limitation, the procuring, maintenance and paying the costs of insurance related to the Common Area and of surety and other bonds related to the management of the Common Area and the Association); and (4) the costs of exercising any rights or obligations that arise by reason of an agreement permitted by this Declaration.

6.3.1. The initial annual assessment payable by each Owner in Section II shall be \$260.00 per Lot per calendar year; provided, however if any Lot in Section II utilizes the sewer system for Sections I or 1B, the Owners of those Lots shall be obligated to additional assessments. The initial annual assessment payable by each Owner in Section I and Section 1-B shall be \$447 per Lot per calendar year. The annual assessment shall be due and payable on January 31 of each year, commencing January 31, 2012, provided the Board of Directors may elect to permit payment in such installments at such times as it shall determine. This assessment will be prorated on a calendar year basis from the date title to each Lot for which an assessment is payable is transferred to the Owner. The only exception to this assessment shall apply to a

builder who purchases a Lot with the intention of building a Dwelling Unit for a subsequent Owner. This exception does not apply to a builder who is building a Dwelling Unit for personal use; in that circumstance a builder is obligated to pay assessments. This assessment will be prorated on a calendar year basis from the date title to each Lot for which an assessment is payable is transferred to the Owner.

6.3.2. The annual assessment may be increased or decreased by the Board of Directors of the Association without a vote of the membership to an amount not more than ten percent (10%) in excess of the annual assessment for the previous year. A majority vote of each class of voting members of the Association present at a meeting of the Association must approve an increase or decrease in the yearly assessment if the increase or decrease exceeds the assessment for the previous year by more than ten percent (10%).

6.3.3. Annually the Board of Directors of the Association shall determine and shall give written notice to each Owner of the annual assessment affixed against each Owner for the immediately succeeding calendar year.

Section 6.4 Special Assessments. In addition to the assessments specified hereinabove, the Association may levy special assessments for the purpose of supplementing the regular assessments if the same are inadequate to pay the reasonable maintenance expenses and operating costs of the Association as described in Section 6.3 hereof, provided that any such special assessments shall have the assent of a majority of each class of the voting members of the Association at a duly called meeting.

Section 6.5 Individual Assessments or "Fine Assessments". In addition to the assessments specified hereinabove, the Association, through the Board of Directors, or an adjudicatory panel established by the Board of Directors, may levy a reasonable individual assessments or "Fine Assessment," as a fine or penalty for violation of this Declaration, the Bylaws, and the Rules and Regulations, all in accordance with the Planned Community Act. A lien may be filed for this Fine Assessment and this Fine Assessment may be enforced by foreclosure. An individual assessment or "Fine Assessment" may also be levied against a particular Lot or Lots to cover costs incurred in bringing the Lot or Lots into compliance with the terms of these Declarations, all applicable Supplements and Amendments hereto, the Articles of Incorporation of the Association, the Bylaws of the Association and the Rules and Regulations including Design Guidelines established by the Association, or costs incurred as a consequence of the conduct of the Owner or occupant of a Lot, their lessees, licensees, invitees, or guests; provided the Board of Directors, or an adjudicatory panel established by the Board of Directors shall give the Owner prior written notice and an opportunity for a hearing before levying an individual assessment under this section.

Section 6.6 Late Charge And Interest On Unpaid Assessments. If the Assessment is not paid within thirty (30) days after the due date, the Assessment shall be subject to such late charges and shall bear interest at a rate per annum as shall be determine by the Board of Directors of the Association, which interest rate shall not exceed the highest rate of interest allowed by law. The initial late charge imposed for late payment of any assessment is \$25.00 and shall be charged as to any assessment that is not paid within thirty (30) days of its due date. The initial interest rate for late payment is 18% per year (1.5% per month) which shall commence to accrue on any assessment or other account balance that is not paid within thirty (30) days of the due date. The Board of Directors may change the initial late charge, interest rate, due dates and lien assessment date by majority vote of the Board.

Section 6.7 Lien For Unpaid Assessments. Any assessment levied pursuant to this Declaration which is not paid on the date when due shall be delinquent and shall, together with such interest and other costs as

set out elsewhere in this Declaration, thereupon become a continuing lien upon the Lot which shall bind the Lot in the hands of the then Owner and the Owner's successors and assigns. The Association may enforce collection of said assessment in law or in equity, including without limitation, the filing or notice of lien and perfecting the same as by law provided to the end that such unpaid assessment together with the costs and expenses of collection, including without limitation, reasonable attorneys' fees, shall be a charge and lien against the said Lot. All of the provisions of the N.C.G.S. Section 47F-3-116, entitled Lien For Assessments, are applicable hereto and are incorporated by references as if fully set forth herein. Neither the assessments nor the costs of collection shall be a lien upon any Common Area.

Section 6.8 Priority of Association Lien. The lien provided for in this Article shall take priority over any lien or encumbrance subsequently arising or created, except liens for real estate taxes and assessments and liens of bona fide first mortgages which have been filed of record before a claim of the lien hereunder has been docketed in the Office of the Clerk of Superior Court in Onslow County, and may be foreclosed in the same manner as a mortgage on real property under power of sale in an action brought by the Association in accordance with the Planned Community Act. The Association is entitled to recover its reasonable attorneys' fees and court costs and collection costs, as part of the lien. In any such foreclosure action, the Association shall be entitled to become a purchaser at the foreclosure sale.

Section 6.9 Purchaser at Foreclosure Sale Subject to Declaration, Bylaws, Rules and Regulations of the Association. Any purchaser of a Lot at a foreclosure sale shall automatically become a Member of the Association and shall be subject to all the provisions of this Declaration, the Bylaws, and the Rules and Regulations.

Section 6.10 Miscellaneous.

6.10.1 Owner has the sole responsibility of keeping the Association informed of the Owner's current address if different from the Lot owned. Otherwise, notice sent by Association to the Lot is sufficient for any notice requirement under this Declaration.

6.10.2 The lien under this Article arises automatically, and no notice of lien need be recorded to make the lien effective, however, Owner will be notified of any action taken.

6.10.3 The Assessment lien includes all collection costs, including demand letters, preparation of documents, reasonable attorneys' fees, court costs, filing fees, collection fees, and any other expenses incurred by the Association in enforcing or collecting the Assessment.

6.10.4 Any Assessment otherwise payable in installments shall become immediately due and payable in full without notice upon Default in the payment of any installment. The acceleration shall be at the discretion of the Board.

6.10.5 No Owner of a Lot may exempt himself or herself from liability for his or her contribution toward the Common Expenses by waiver of the use or enjoyment of any of the Common Areas or by the abandonment of his or her Lot.
