# DISCLAIMER

## LET'S WORK TOGETHER

COLOR AND APPEARANCE DISCLAIMER: We (Trusst Builder Group, LLC) offer in-person selection of all Buyer/Owner/Homeowner selection items on the selection sheet and we recommend in-person selection. This permits viewing of actual samples as well as images. The appearance, including color and texture, of products may appear differently on different screens, monitors and projectors (collectively "screens"), due to differences in brand and type of equipment on which viewed, and lighting conditions present when viewed on the screen, the browser or image viewing software used, the operating system of the device on which viewed, and settings selections and preferences for each. Color reproduction on the Internet or in photographic images shared electronically is not precise. Since it is not possible to guarantee our (or our vendors') images of colors and textures will look the same on all computers and mobile devices, we do not guarantee that what you, the Buyer/Owner/Homeowner, see on your screen accurately portrays the color or texture of the actual product. We have made reasonable efforts to display the colors and textures of the products in the images of the products that appear on the website or are shared with you by other electronic means, but we cannot guarantee that what you see on the screen is an exact representation of the product. If it is important that the appearance, color or texture be exact, it is highly recommended that you meet in-person with us before making your selections on the selection sheet. By proceeding without in-person meeting, you assume the risk of appearance, including colors or texture, of the product selected not being as they may have appeared to you on the screen of your device, or as you may have imagined them to be. Viewing the colors and textures in online or electronically shared images on multiple devices, and at different times in varying light conditions at the location where viewed, may reduce risk of disappointment, but cannot provide equivalence to in-person viewing of the items selected on the selection sheet. That products have the same color name does not mean they are the same exact color. Don't assume a color name to define what that color is. Example, just because a color may have the name "wheat straw" does not mean it will necessarily look like what you imagine to be the color of "wheat straw." Such naming is inherently subjective and is driven by marketing considerations of the vendors supplying the images or samples and naming the colors. The information we provide to you online or by electronic means is provided "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF THIRD PARTY RIGHTS. In no event shall Trusst Builder Group, LLC, be liable to you or to any person, including liability for any special, indirect or consequential damages, relating to online or electronic selection of materials, and if you make selections based on images rather than in-person meeting, it will not be responsible for your selections being as expected or matching other selections. By signing the selection sheet, you acknowledge the selections made on the selection sheet to correctly identify your selections. Any changes after your initial signing of the selection sheet will have to be initialed and dated by you before they are implemented.

**NOTE: Any items noted on selection documents as "Premium" are considered items not included in our standard offerings. These items will be posted to a change order for your approval of cost prior to ordering. "Premium" selection items will not be ordered until approved and payment has been made.**
