3. Built-upon area in excess of the permitted amount requires a state storm water management permit modification prior to construction.

The Owner or Owners of the property on which bulkheads, jetties or other artificial stabilization devices are to be constructed must, prior to construction, obtain written approval from the appropriate Federal, State, County and local authorities, and the DEVELOPER, its duly designated representative or the Committee.

Piers and docks may be constructed on the property or adjacent thereto, provided that prior to construction, written approval has been obtained from the appropriate Federal, State, County and local authorities, and the DEVELOPER, its duly designated representative or the Committee in accordance with said paragraph J(20.) of this Article 3.

There shall not be maintained any plants or animals, or device or anything of any sort whose normal activities or existence are in any way noxious, dangerous, unsightly, unpleasant or of a nature as may diminish or destroy the enjoyment of other property in the neighborhood by the Owners thereof.

16. In order to maintain the rural, wooded character of all wooded areas in the Subdivision, some tree removal may be approved by the Committee or DEVELOPER. All Owners must submit a "Lot Cutting Plan" to the Committee or DEVELOPER for approval before any trees are cut on their Lot. The following guidelines must be adhered to in the "Lot Cutting Plan":

a. The "Lot Cutting Plan" must be submitted to the Committee or DEVELOPER and approved before work to remove any trees can begin. Failure to receive approval of the "Lot Cutting Plan" prior to starting work could result in a fine levied against the Owner for each tree removed prior to receiving approval, and all work could be stopped until the "Lot Cutting Plan" is approved.

b. The "Lot Cutting Plan" will include the following:

1.) A plat of the Lot showing the proposed location of the dwelling, the driveway, septic system, detached buildings, and areas of planting and landscaping, all drawn to scale.

2.) The location on the plat of the areas where trees exceeding six (6) inches in diameter will be removed and identify the number of trees that will be removed. However, trees within the locations described below in subparagraph 3 should not be included on said plat.

3.) All trees located within the construction areas shall be deemed as approved for removal. This automatic approval includes a driveway area not to exceed more than twelve (12) feet in width, a septic area, any detached building area, and the location of the dwelling plus an area extending out twenty-five (25) feet from all exterior walls of the dwelling. In addition, dead or leaning trees, and trees less than six (6) inches in diameter are deemed approved for removal, subject to all state, federal and local regulations.

17. Burning as a means of clearing brush shall not be permitted.

All other burning may be allowed only under appropriate circumstances if approved in advance by the DEVELOPER or the Committee and the Owner has obtained all necessary government permits.

18. No inoperable, or submerged or sunk, or partially submerged or partially sunk, boat may be docked or moored at any private or common dock or pier in Fulshire Plantation subdivision nor may any boat be used for any other purpose than recreational.

- (2) special assessments for capital improvements or special assessments as established by the Board of Directors of the Association, such assessments to be established and collected as hereinafter provided.

The annual and special assessments, together with the interest, costs and reasonable attorney's fees, if any, shall be a charge on the Lots and shall be a continual lien upon each Lot against which they are levied. Each such assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the person or entity who is the Owner of such Lot at the time when the assessment falls due. The personal obligation for delinquent assessments shall not pass to any successor in title unless expressly assumed by him.

PROVIDED, the DEVELOPER shall be exempt from the payment of the yearly assessment fee for any unsold Lots which are platted of record in the Office of the Register of Deeds of Craven County.

C. Book 2343 Page 238

E. **Special Assessments for Capital Improvement:** In addition to the annual assessments authorized above, the Association may levy, in any calendar year, a special assessment for the purpose of defraying in whole or in part, the costs of any construction, reconstruction, repair, replacement or repaving of a capital improvement to the roads and streets of the property, the easement areas described above, or any other Community Use Areas of the property, including fixtures and personal property related thereto, provided that any such assessments shall have the assent of two-thirds of the vote of the Members who are voting in person or by proxy at a meeting duly called for this purpose. If no notice is given of a new assessment, then the previous year's assessment will apply.

G. **Effect of Nonpayment of Assessments; Remedies of the Association:** Any general or special assessment, if not paid within thirty (30) days after the date of such assessment is due, together with interest at the rate of twelve percent (12%) per annum, costs of collection, court costs, and reasonable attorney's fees shall constitute a lien against the Lot upon which such assessments are levied. The Association may record notice of the same in the Office of the Clerk of Superior Court of Craven County or file a suit to collect such delinquent assessments and charges. The Association may file Notice of Lis Pendens, bring an action at law against the Owner personally obligated to pay the same and/or bring an action to foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein.

H. **Sale or Transfer of Property:** The sale or transfer of any Lot shall not affect the assessment lien or liens provided for in the preceding section. However, the sale or transfer of any Lot which is subject to any mortgage or deed of trust pursuant to a foreclosure thereof, shall extinguish the lien of such assessments as to the payment thereof which become due prior to such sale or transfer. Every Owner of a Lot within the Subdivision, as an appurtenance to such Lot, shall have a perpetual easement over and upon the Community Use Areas within the Subdivision for each and every purpose or use to which such Community Use Areas were intended as determined by their type, or for which such Community Use Areas generally are used, including, but not limited to, easement of access, maintenance, repair or replacement of the Community Use Areas. Such easements shall be appurtenant to and shall pass with the title to every Lot located within the Subdivision, whether or not specifically included in a deed thereto, subject to the following provisions:

1. The Association shall have the right to make reasonable rules and regulations respecting the use of same.

2. An easement for future dredging of the areas adjacent to the boat docking facility for the purpose of maintaining the dock as may be necessary is granted to those Lot Owners who shall also purchase a boat slip within the Marina lot and other lots set aside for use as dock or pier lots.

3. An easement for the docking of boats, privately owned by the Owners, along said docking facility within one of the slips of said docking facility and an easement over and across the boat docking facilities is granted to those Lot Owners who shall also purchase a boat slip within the dock. Each Owner's slip shall be designated by the DEVELOPER, which slip number shall be affixed to the slip of the docking facility to be used by the Owner thereof.

B. The Association hereinafter may grant easements for utility purposes for the benefit of the Subdivision and the Lots now or hereafter located thereon, over, under, along and through the Community Use Areas. Provided, however, that no such grant of easement shall have a material adverse effect on the use, enjoyment or value of any Lot.

C. Any Owner may delegate, in accordance with the Bylaws, his right of enjoyment of the Community Use Areas, and facilities to the Members of his family, his tenants, and contract purchasers who reside on the property.

D. Easements and rights of way over and upon each Lot for drainage and the installation and maintenance of utilities and services are reserved to DEVELOPER and its successors and assigns for such purposes as DEVELOPER may deem incident and appropriate to its overall development plan, such easements and rights of way being shown or noted on the aforesaid recorded plat of the Subdivision. The easements and right of way areas reserved by DEVELOPER on each Lot pursuant hereto shall be maintained continuously by the Owner but no structures or plantings or other material shall be placed or permitted or remain upon such areas or other activities undertaken thereon which may damage or interfere with the installation or maintenance of utilities or other services, or which may retard, obstruct or reverse the flow of water or which may damage or interfere with established slope ratios or create erosion problems. Improvements within such areas also shall be maintained by the respective Owner except those for which a public authority or utility company is responsible. These easements and rights expressly include the right to cut any trees, bushes or shrubbery, make any grading of the soils, or to take any other similar action reasonably necessary in the opinion of the DEVELOPER to provide an economical and safe installation.

E. The DEVELOPER and the Owners, by these presents, hereby establishes, grants, gives and conveys to each and every Owner or future Owners of a Lot in Fulshire Plantation subdivision an easement of ingress, egress and regress over and across all of the roads and streets of Fulshire Plantation subdivision shown on map of record in Plat Cabinet H, Slide 31-A, B, C & D, Craven County Registry. It is the intent of the DEVELOPER that this grant of easement be deemed hereinafter as an appurtenance to each and every Lot within Fulshire Plantation subdivision, and any conveyance or transfer of the title to any Lot in Fulshire Plantation subdivision shall be deemed to include this easement, whether expressly stated therein or not.

F. Every Owner shall have a right and easement of enjoyment in and to any and all other Community Use Areas which are owned or leased by the Association for the enjoyment of the Owners. This right and easement of enjoyment shall be appurtenant to and shall pass with the title to every Lot.

G. There is granted to Carteret-Craven EMC, its successors and assigns, a market easement to go upon the property that is the subject of these PROTECTIVE COVENANTS for the purpose of installing and maintaining the appropriate electrical transmission wires and equipment; provided, however, this easement is subordinate to and is expressly subject to any and all existing structures, including septic tanks, located on the property at the time Carteret-Craven EMC, its successors and assigns, seeks to place electrical transmission wires and equipment on the property.

Said roads shall remain private and shall be deeded to the Association by the DEVELOPER.
