

STATE OF NORTH CAROLINA MINERAL AND OIL AND GAS RIGHTS MANDATORY DISCLOSURE STATEMENT

Instructions to Property Owners

- The Residential Property Disclosure Act (G.S. 47E) ("Disclosure Act") requires owners of certain residential real estate such as single-family homes, individual condominiums, townhouses, and the like, and buildings with up to four dwelling units, to furnish purchasers a Mineral and Oil and Gas Rights Disclosure Statement ("Disclosure Statement"). This form is the only one approved for this purpose.
- A disclosure statement is not required for some transactions. For a complete list of exemptions, see G.S. 47E-2(a). **A DISCLOSURE STATEMENT IS REQUIRED FOR THE TRANSFERS IDENTIFIED IN G.S. 47E-2(b)**, including transfers involving the first sale of a dwelling never inhabited, lease with option to purchase contracts where the lessee occupies or intends to occupy the dwelling, and transfers between parties when both parties agree not to provide the Residential Property and Owner's Association Disclosure Statement.
- You must respond to each of the following by placing a check in the appropriate box.

MINERAL AND OIL AND GAS RIGHTS DISCLOSURE

Mineral rights and/ or oil and gas rights can be severed from the title to real property by conveyance (deed) of the mineral rights and/ or oil and gas rights from the owner or by reservation of the mineral rights and/ or oil and gas rights by the owner. If mineral rights and/ or oil and gas rights are or will be severed from the property, the owner of those rights may have the perpetual right to drill, mine, explore, and remove any of the subsurface mineral and/or oil or gas resources on or from the property either directly from the surface of the property or from a nearby location. With regard to the severance of mineral rights and/or oil and gas rights, Seller makes the following disclosures:

6. Seller intends to sever the oil and gas rights from the property prior to transfer of title to Buyer.			

Note to Purchasers

If the owner does not give you a Mineral and Oil and Gas Rights Disclosure Statement by the time you make your offer to purchase the property, or exercise an option to purchase the property pursuant to a lease with an option to purchase, you may under certain conditions cancel any resulting contract without penalty to you as the purchaser. To cancel the contract, you must personally deliver or mail written notice of your decision to cancel to the owner or the owner's agent within three calendar days following your receipt of this Disclosure Statement, or three calendar days following the date of the contract, whichever occurs first. However, in no event does the Disclosure Act permit you to cancel a contract after settlement of the transaction or (in the case of a sale or exchange) after you have occupied the property, whichever occurs first.

NORTH CAROLINA REAL ESTATE COMMISSION

Residential Property And Owners' Association Disclosure Statement

Protecting the Public Interest in Real Estate Brokerage Transactions

Property Address/Description: **104 Mallard Dr, Merritt , NC 28556**

Owner's Name(s): **John Denton, Laura Denton**

North Carolina law N.C.G.S. 47E requires residential property owners to complete this Disclosure Statement and provide it to the buyer prior to any offer to purchase. There are limited exemptions for completing the form, such as new home construction that has never been occupied. Owners are advised to seek legal advice if they believe they are entitled to one of the limited exemptions contained in N.C.G.S. 47E-2.

An owner is required to provide a response to every question by selecting Yes (Y), No (N), No Representation (NR), or Not Applicable (NA). An owner is not required to disclose any of the material facts that have a NR option, even if they have knowledge of them. However, failure to disclose latent (hidden) defects may result in civil liability. The disclosures made in this Disclosure Statement are those of the owner(s), not the owner's broker.

- If an owner selects Y or N, the owner is only obligated to disclose information about which they have actual knowledge. If an owner selects Y in response to any question about a problem, the owner must provide a written explanation or attach a report from an attorney, engineer, contractor, pest control operator, or other expert or public agency describing it.
- If an owner selects N, the owner has no actual knowledge of the topic of the question, including any problem. If the owner selects N and the owner knows there is a problem or that the owner's answer is not correct, the owner may be liable for making an intentional misstatement.
- If an owner selects NR, it could mean that the owner (1) has knowledge of an issue and chooses not to disclose it; or (2) simply does not know.
- If an owner selects NA, it means the property does not contain a particular item or feature.

For purposes of completing this Disclosure Statement: **“Dwelling”** means any structure intended for human habitation, **“Property”** means any structure intended for human habitation and the tract of land, and **“Not Applicable”** means the item does not apply to the property or exist on the property.

OWNERS: The owner must give a completed and signed Disclosure Statement to the buyer no later than the time the buyer makes an offer to purchase property. If the owner does not, the buyer can, under certain conditions, cancel any resulting contract. An owner is responsible for completing and delivering the Disclosure Statement to the buyer even if the owner is represented in the sale of the property by a licensed real estate broker and the broker must disclose any material facts about the property that the broker knows or reasonably should know, regardless of the owner's response.

The owner should keep a copy signed by the buyer for their records. If something happens to make the Disclosure Statement incorrect or inaccurate (for example, the roof begins to leak), the owner must promptly give the buyer an updated Disclosure Statement or correct the problem. Note that some issues, even if repaired, such as structural issues and fire damage, remain material facts and must be disclosed by a broker even after repairs are made.

BUYERS: The owner's responses contained in this Disclosure Statement are not a warranty and should not be a substitute for conducting a careful and independent evaluation of the property. **Buyers are strongly encouraged to:**

- Carefully review the entire Disclosure Statement.
- Obtain their own inspections from a licensed home inspector and/or other professional.

DO NOT assume that an answer of N or NR is a guarantee of no defect. If an owner selects N, that means the owner has no actual knowledge of any defects. It does not mean that a defect does not exist. If an owner selects NR, it could mean the owner (1) has knowledge of an issue and chooses not to disclose it, or (2) simply does not know.

BROKERS: A licensed real estate broker shall furnish their seller-client with a Disclosure Statement for the seller to complete in connection with the transaction. A broker shall obtain a completed copy of the Disclosure Statement and provide it to their buyer-client to review and sign. All brokers shall (1) review the completed Disclosure Statement to ensure the seller responded to all questions, (2) take reasonable steps to disclose material facts about the property that the broker knows or reasonably should know regardless of the owner's responses or representations, and (3) explain to the buyer that this Disclosure Statement does not replace an inspection and encourage the buyer to protect their interests by having the property fully examined to the buyer's satisfaction.

- **Brokers are NOT permitted to complete this Disclosure Statement on behalf of their seller-clients.**
- Brokers who own the property may select NR in this Disclosure Statement but are obligated to disclose material facts they know or reasonably should know about the property.
