I want to use this

The map interface displays a satellite-style view of a road network. A search bar at the top right contains the text "102 Tideland Drive El...". Below the search bar are navigation controls including a minus sign, a plus sign, and a compass icon. A toolbar on the left side of the map includes icons for information, home, star, and refresh. The map shows several roads, including "INDIAN WOODS DR", "TIDELAND DR", "OUTLOOK DR", "CREEKVIEW DR", and "15 VENTUR". A white circle is visible on the map, likely representing a selected location or point of interest.
