Date

Call the health department (495-8100) between 9:00 AM and 5:00 PM on Monday Friday to schedule an appointment with an environmental health specialist to evaluate your lot. He/she will show you where to locate the well and septic system in relation to the desired dwelling location and any property lines. If approved, an improvement permit will be issued. After the septic tank has been installed and approved, the applicant will issue a certification of completion.
