

WELL SETBACK RELEASE FORM

We, the undersigned, are the owner(s) of the well and/or property herein described. We have read and understand the following information concerning the proposed separation distance between our well and the subsurface waste water disposal system for which a variance is being requested. We are prepared to accept any risk that the subsurface waste water disposal system may pose to our well.

All wells should be located a safe distance from all possible sources of contamination; in this case a subsurface waste water disposal system. The Maine Subsurface Waste Water Disposal Rules require a minimum of 100 feet between a <1000 gpd disposal system and a well; 200 feet between a 1000-2000 gpd disposal system and a well; and 300 feet between a >2000 gpd disposal system and a well with water usage of 2000 or more gpd or public water supply well. (Please circle the appropriate category.)

Since the safety of a well primarily depends on considerations of good well construction, geology and adequate maintenance of the subsurface waste water disposal system, the best means of protecting the well water quality is to maintain the maximum distance between a well and a disposal system. The Department of Human Services suggests that a maximum setback distance should be maintained.

The separation distance between our well and the subsurface wastewater disposal system for which this well release approval is requested is: component IN-DRAIN SYSTEM / 70 feet
component _____ / _____ feet

Address of Property with Disposal System: 143 OLD BAN HARBOR ROAD
(Include Municipal Book & Page No. or Map & Lot No.) SALISBURY COVE, ME 04672
1539, 672 Map 12C Lot 17

Owner(s) of Property with Disposal System: DAVID & JOAN EVANS

Address of Property with Well: 137 Old Ban Harbor Rd.
(Include Municipal Book & Page No. or Map & Lot No.) Salisbury Cove ME 04672
Map 12C Lot 18

Owner(s) of Property with Well: GAIL J. Bowden

We, the undersigned, release the site evaluator, well driller, the municipality and the State of Maine from liability should our well become contaminated. (Note: If the subject well has more than one owner, all well owner signatures must appear on this document.)

Well Owner(s) Signature Gail J. Bowden Date 8/11/03

Date _____

State of Maine

County of HANCOCK, ss

Date 8/11/03

Then personally appeared the above named GAIL J. Bowden (and _____

_____) and (severally) acknowledged the foregoing instrument to be his
(or their) free act and deed.
